Tick if this answer has been provided verbally: ☐

Project code:	SPT2005	Question Number	32
Question date	3rd Oct 2013	Answer date	11th Oct 2013
Submission section question relates to	Expert Panel Bilateral		
Topic	Partners & Funding		
Question	Please comment on the total time commitment proposed on this project and, in particular, the high level of time allocated to the university departments.		
Notes on question			
Answer	We have clarified the time commitment in question 7 and 28. We believe a significant up front investment in analysis is required to get a robust blueprint from ACE that can be replicated elsewhere in GB. However, in answer to the panels concerns , we have reduced the university time commitment by approximately 30% in our resubmitted spreadsheet.
