Submission section question relates to	7		
Topic	n/a		
Question	P42 – third para – please explain in what relevance P2 has here.		
Notes on question			
Answer	The reference to Engineering Recommendation P2/6 in this paragraph is to state that the outages required for the trial will be taken in line with our usual practice. This will ensure that demand security is not reduced below what is permitted by our license standards or what is routinely provided during maintenance outages.
