

Name and Qualifications (where relevant)

Prof Nick Jenkins, PhD, FIET, FEng, FIEEE

Knowledge and Expertise

I undertake teaching and research on distributed generation, renewable energy and Smart Grids. I contribute to EPSRC funded research projects on Smart Grids.

I am a Distinguished Member of CIGRE and the Convenor of the CIGRE UK Working Group on Smart Grids. I am a member Low Carbon Network Fund Panel.

I am a co-Author of the following books:

“Distributed Generation’ IET 2011

“Smart Grids: Technologies and Applications”, Wiley 2012

“Electric Power Systems” 5th Edition, Wiley 2012

Current organisation

Professor, Head of Institute of Energy, Cardiff University.

Key interests

Development and implementation of Smart Grids (including Smart Metering) and the transition to a low carbon power sector.
