DYNAMIC ELECTRIC HEATERS

- High Performance Heating Oil
- 100% Energy Efficient
- Manual 24/7 fully Programmable Timer
- Digital Thermostat accurate to +/- 0.20 degrees
- EHC Smart Wi-Fi Ready option available
- Tamperproof Facility
- On/Off Switch on the side of the Heater
- Easy and Quick Installation
- Includes standard UK 13 Amp plug and wall mounting brackets
- Silent in Operation
- Feet or castors available as optional extras
- Safety cut out system to prevent overheating
- 100% recyclable Aluminium Body
- All Heaters 100mm in depth
- 4 outputs from 750watt to 1500watt
- Guarantee: 10 years on Aluminium Body and 2 years on Electronics

The eco SAVE Dynamic Heater is designed to meet the heating demands of the modern home. Unlike other inferior heaters on the market the eco SAVE is manufactured from high grade aluminium designed to last. The Heating Elements and High Performance Heating Oil are housed within the sturdy aluminium body of the Heater.

Due to the modular construction and air flow outlets at the top of the Heater the eco SAVE benefits from fast heat-up times and provides an even surface temperature with optimum convection through all heating cycles.

For ease of operation the easy-to-use digital programmable thermostat is located at the top of the Heater.

It will accurately control both time and temperature, is fully programmable 24/7 and offers comfort, economy, frost protection and on/off settings.

At EHC we value your safety and as such the product is fully protected against overheating using a high precision automatic cut-out device.

During periods when the Heater is not required the main on/off switch located on the side of the Heater can be switched off.

Our "Click & Fit" hanging brackets make the installation of the eco SAVE Heater easy and quick to install.

For future maintenance purposes the main PCB is housed in an easy to remove cartridge system to avoid removing the Heater from the wall during repair.

EHC SMART Wi-Fi CONTROL

Simply connect to the Internet within your property using a Smartphone, Tablet or PC and you will be able to open your EHC Smart APP to control your heating 24/7. Our APP is compatible with both Apple and Android products.

Our 'easy to use' APP has a selection of menus designed to maximise your comfort and reduce your Heating costs

- Control your heating anywhere and anytime
- Switch the Heaters On/Off at any time
- Adjust each room temperature separately
- Limit electricity consumption to avoid exceeding maximum power available
- Monitor your current electricity consumption
- View the electricity and temperature consumption history
- Check the latest weather forecast

when purchasing
our Wi-Fi Smart
Gateway

To convert your Smart Wi-Fi ready eco SAVE Heater to an intelligent appliance that can be controlled anywhere, anytime you can purchase the EHC Smart Wi-Fi kit which includes:

- **Smart Gateway**
- **Power Meter Clamp**

SMART Wi-Fi APPS

Home Page Menu

Displays the heating status, temperature and operational functions of your system. You can select how you want to program your Heaters 24/7 however you have the facility to make changes to your heating requirements anytime, anywhere.

Consumption Limiter Menu

All homes have a maximum electrical power capacity. In order to stay within the limits of the capacity the Smart system has an inbuilt electricity consumption monitor / limiter. Our Smart Kit includes a 100amp Power Meter Clamp.

Power & Temperature Statistics Menu

The Smart system enables you to monitor the consumed power and temperatures at any time.

Individual Heater Devices Menu

The Smart Wi-Fi system allows you to add, delete and prioritise Heaters at any time to provide you with full system control.

Weather Forecast Menu

The Smart system also features a live weather forecast facility. This will help you to anticipate any significant temperature changes and adapt your heating times and temperatures to suit.

Technical Specification

| STOCK CODE | OUTPUT (watts) | WIDTH (mm) | HEIGHT (mm) | DEPTH (mm) | WEIGHT (kg) |
|----------------|----------------|------------|-------------|------------|-------------|
