

ECO3 Social housing EFG declaration & Landlord Permission (Social D [innovation only] EFG declaration) July 2021

| Name of installation company | | | | | Date (dd/mm/yyyy) | | | Name of social landlord | |
|--|---|-----------------------|-------------|-----------|---|---|------------|---|---|
| | By signing this form I, the social landlord*, declare to the best of my knowledge and | | | | 4 of the schedule 1 of | efined in article 2 and paragraph the ECO3 Order 2018. For more o identify a social landlord, refer | | Social landlord officer name | |
| | | | | | A "pre-installation E premises where an EC | Ofgem ECO3 Guidance: Delivery. EPC" refers to an EPC relating to CO measure is installed, that is ny EPC for the premises issued | | Job title & Email Address | |
| | Where multiple measures are installed to the same premises the energy efficiency rating of the premises will not increase to a band D (Band C for innovation measures) or above before the installation of the final measure listed on the declaration. | | | | before the n | neasure was installed; | | | |
| | The premises are let below market rate, or where the premises are currently void, have previously and will be let below market rate. | | | | and records relating to the premises prior to signing this declaration. The presence of a central heating system (including district and renewable heating) or a | | | Social landlord officer signature | |
| | First Time Central Heating (FTCH) Only: I, the owner of the premises, declare that to the best of my knowledge, at no point prior to the installation of the first time central heating, first time district heating system or first time renewable heating system, did the premises have a central heating system, district heating system, or renewable heating system nor, immediately prior to the installation, did the premises have a working, efficient electric storage heater(s) ³ . | | | | working, efficient electric storage heater (that is an electric storage heater that is not broken down, or has a responsiveness of greater than 0.2 when assessed against SAP) can be identified with reference to any available evidence within or records relating to the premises. Examples could include an old boiler, pipework, heating controls, radiators, storage heaters or documents such as an EPC. Where such evidence exists, the measure would be ineligible under this provision. | | | Number of properties included in this declaration | |
| | Loft insulation measures ONLY: I confirm that if a loft insulation measure is being installed, no loft insulation was removed from the loft within the past six months (if both tenancy and ownership has changed within this time period, since commencement of tenancy and ownership) or has previously been claimed under ECO. | | | | | | | Social landlord telephone number | |
| LANDLORD PERMISSION: I can confirm that I am the landlord/management company (delete as applicable) of the below property/properties and hereby give my consent for the works as indicated below to be completed. I understand that I may be contacted by any organisation carrying out the installation works or providing the funding, Ofgem or an energy supplier to verify this letter of permission. By signing this letter, I acknowledge that funding is being claimed through the Energy Company Obligation (ECO3) and I will not seek any funding through the domestic renewable heat incentive [see article 19(1)(d) of the ECO3 Order]. | | | | | 4. All FTCH measures must meet both the roof, an cavity wall insulation pre-conditions to be eligible measures. The pre-conditions require that the total rarea, and any exterior facing cavity walls of a prope are insulated prior to the installation of a FTCH measure. | | | Social landlord address | |
