# BUSINESS IMPACT TARGET: SUMMARY

Non-qualifying Regulatory Provisions  
(NQRP) summary

**Regulator:** Office of Gas and Electricity Markets (Ofgem)

**Business Impact Target Reporting Period Covered:** 17 December 2020 – 16 December 2021

<b>Excluded Category*</b>	<b>Summary of measure(s), including any impact data where available**</b>
Measures certified as being below <i>de minimis</i> (measures with an EANDCB below +/- £5 million)	There are no measures for the reporting period that qualify under this exclusion category.
EU Regulations, Decisions and Directives and other international obligations, including the implementation of the EU Withdrawal Bill and EU Withdrawal Agreement	We published documents to reflect changes in EU regulations and did not include gold plating. These documents related to requirements under or changes to the EBGL regulation (European Electricity Balancing Guidelines).
Measures certified as concerning EU Withdrawal Bill operability measures	There are no measures for the reporting period that qualify under this exclusion category.
Pro-competition	We published documents relating to regulatory provisions that are intended to deliver, or to replicate, better competition-based outcomes in the energy market. This includes matters such as RIIO price controls and the Market-Wide Half-Hourly Settlement (MHHS) which intends to place incentives on suppliers to offer new tariffs and products.
Systemic Financial Risk	There are no measures for the reporting period that qualify under this exclusion category.
Civil Emergencies	There are no measures for the reporting period that qualify under this exclusion category.
Fines and Penalties	We published documents relating to compliance with, and late payments for, the Renewable Obligation and Feed-in Tariff schemes.
Misuse of Drugs	There are no measures for the reporting period that qualify under this exclusion category.
Measures certified as relating to the safety of tenants, residents and occupants in response to the Grenfell tragedy	There are no measures for the reporting period that qualify under this exclusion category.
Casework	The majority of our publications concerned specific investigation and specific enforcement activity, and individual licence decisions. These documents mostly related to 1) the applications for, notice of, or revocation of individual licences, 2) the appointment of new suppliers, and 3) final orders. Other documents related to regulatory activities such as specific approval of individual charging and service statements, and methodologies.

Excluded Category*	Summary of measure(s), including any impact data where available**
Education, communications and promotion	There are no measures for the reporting period that qualify under this exclusion category.
Activity related to policy development	We published documents regarding our own policy development such as formal and informal consultations and ad hoc information requests. These related to matters including the default tariff cap, RIIIO innovation funds and renewable schemes such as the Renewables Obligation (RO) and the Feed-In Tariffs (FIT).
Changes to management of regulator	There are no measures for the reporting period that qualify under this exclusion category.

\* For detailed guidance on the exclusion categories, please see <https://www.gov.uk/government/publications/better-regulation-framework>

\*\* Complete the summary box as 'Following consideration of the exclusion category there are no measures for the reporting period that qualify for the exclusion.' where this is appropriate.
