

Renewables Obligation Certificate (ROC) Issue Schedule 2022/2023

Note: If an operator has problems submitting this data to Ofgem, within the timeframes below, we should be notified **before** the relevant date in Column A. If data for Renewables Obligation Certificates (ROCs) is submitted to Ofgem after the date shown in Column A it will be suspended and Ofgem will look to generators to provide reasons as to why the data was submitted late. In these cases, it is unlikely that ROCs will be issued by the date shown in column B.

Month and year of generation	A/ Date by which ROC output data must be received	B/ Date by which Ofgem intends to issue ROCs
April 2022	30 June 2022	21 July 2022
May 2022	31 July 2022	22 August 2022
June 2022	31 August 2022	21 September 2022
July 2022	30 September 2022	17 October 2022
August 2022	31 October 2022	15 November 2022
September 2022	30 November 2022	15 December 2022
October 2022	31 December 2022	16 January 2023
November 2022	31 January 2023	15 February 2023
December 2022	28 February 2023	15 March 2023
January 2023	31 March 2023	17 April 2023
February 2023	30 April 2023	15 May 2023
March 2023 **	31 May 2023	15 June 2023

* In the majority of cases, the data should be submitted via the Renewables and CHP Register. If you are unable to submit your data on the Register, please do so to this email address by the deadlines noted above: renewable.outputdata@ofgem.gov.uk. If you need to speak to a member of the Renewables team directly, please call our dedicated helpline on **020 7901 7310**.

** Operators of micro-generating stations i.e. with a **declared net capacity of 50 kW or less** (or their agents) that have notified Ofgem that they want ROCs to be issued on an annual basis, must provide data for gross output and input electricity for the period, 01 April 2021 - 31 March 2022 by 31 May 2022 at the latest. Our generator and agent guidance documents, available on our website, provide further information on this. For individual micro-generating stations in NI we have [a step by step guide to submitting data](#) which will help you with this process.
