Dear Company Secretaries and stakeholders,

**Proposal to modify the Regulatory Instructions and Guidance (RIGS) for RIIO-ED1**

We propose to modify the Regulatory Instructions and Guidance (RIGs) for RIIO-ED1. Please find enclosed a Notice, issued pursuant to Part C of Standard Condition 46 (Regulatory Instructions and Guidance) of the Electricity Distribution Licence, in respect of our proposed modifications.

These modifications are made for the purpose of collecting additional information, clarifying the existing reporting requirements on the licensees and providing greater insight into the performance under RIIO-ED1.

Unless otherwise stated in the RIGs, we propose that if we implement these changes, they will take effect in April 2022. For the avoidance of doubt, this means that the data submitted in respect of the 2021/22 reporting year would use the RIGs as modified.

We welcome comments on our proposed modifications, and the details for responding are contained in the enclosed Notice.

Yours faithfully,

**Steven McMahon**
