**Dear Heather**

**Call for input – establishment of the Capacity Market Advisory Group and updating the Capacity Market Rules change proposal process**

SSE welcomes the establishment of a Capacity Market Advisory Group. We are supportive of any innovations which lessen the administrative burden of reviewing and implementing rule changes.

It is critical that the CMAG is made-up of a wide representation of the capacity market stakeholders. Ensuring this will mitigate against any unintended consequences of the suggested processes and will enable the CMAG to meet its objectives effectively and efficiently.

SSE would like to put forward a representative to join the CMAG.

We look forward to future interactions with Ofgem as it works to establish the CMAG.

Yours sincerely,

**Fiona Morrison**  
**Regulation Manager – Wholesale Markets and Generation**
