For the Attention of Natasha Kumar Policy Manager Energy Systems Management & Security

Dear Natasha Kumar,

Electricity Distribution Licence Condition 31E

Firstly, my apologies for not responding to the request by April 1<sup>st</sup>, 2022.

I am writing to confirm that it is not Utility Assets intention to procure flexibility in the forthcoming year under LC31.

The reason that we are not intending to procure flexibility in this regulatory year is that we are not providing electricity distribution services for any customer on a public electricity distribution network. We have no connected MPANS and do not plan to do so before April 1<sup>st</sup>, 2023 and are not currently tendering.

Yours sincerely,

D Clare  
Director,
