2. Under section 8A(2) of the Act, we propose to modify the standard conditions of the Licence, which we are minded to grant to Squire Energy Metering Limited by removing the entire of Section B (Additional Standard Conditions for Electricity Distributors who are Distribution Services Providers).
3. We also propose to insert into the Licence a new Section BA to include the following amended standard conditions:

 - (d) Standard Licence Condition BA4. Indebtedness; and
 - (e) Standard Licence Condition BA5. Valid Bad Debt Claims
4. These conditions are set out in the Annex to this notice.
5. We are proposing these modifications to protect the interests of consumers by:
 - (a) ensuring that the standard licence conditions applicable to Distribution Services Providers are disapplied in relation to Electricity Distributors to whom the requirements of Section B of the standard conditions do not apply;²

¹ The terms "the Authority", "we" and "us" are used interchangeably in this document.

² Under Standard Condition 32.1, Section B of the Distribution Licence has effect if either of the following two circumstances apply: (a) the Secretary of State has provided, by a scheme made under Schedule 7 to the Utilities Act 2000, that Section B will have effect; or (b) the Authority has given a Distribution Services Direction to the licensee under paragraph 3 of Standard Condition 3. Neither of these circumstances applies to Squire Energy Metering Limited.

(b) regulating Squire Energy Metering Limited's charges in respect of domestic customers for the use of its distribution system on grant of the Licence;

(c) imposing requirements on Squire Energy Metering Limited in respect of its creditworthiness and indebtedness on grant of the Licence; and

(d) ensuring that Independent Distribution Network Operators (IDNOs) are treated on an equivalent basis to Distribution Network Operator (DNOs) with respect to Bad Debt.

6. The effect of the proposed licence modifications is to:

(a) establish arrangements for regulating Squire Energy Metering Limited's charges to domestic customers for the use of its distribution system on grant of the Licence;

(b) set out requirements for Squire Energy Metering Limited to maintain an investment grade credit rating or to comply with alternative arrangements approved by us on grant of the Licence;

(c) place restrictions on Squire Energy Metering Limited relating to its indebtedness and the types of payments and transfers it can make on grant of the Licence; and

(d) enable IDNOs to make a bad debt claim to each relevant distributor.

7. A copy of the proposed modifications and other documents referred to in this Notice have been published on our website (www.ofgem.gov.uk). Alternatively they are available from foi@ofgem.gov.uk.

ANNEX

AMENDED STANDARD CONDITIONS PARTICULAR TO THIS LICENCE

SECTION BA. SPECIFIC

Standard Condition BA1.

Not used

Standard Condition BA2. Regulation of charging arrangements

Introduction

1. The licensee must make, and continue to make, charges available, in accordance with the requirements of this condition, for the provision of Use of System to any Authorised supplier of electricity that uses or wishes to use the licensee's Distribution System to supply electricity to Domestic Customers.

Setting and restriction of charges

2. The licensee's Use of System Charges in relation to Domestic Customers may vary according to the Distribution Services Area of the Electricity Distributor within which Domestic Premises are connected to the licensee's Distribution System.
3. The licensee must set those Use of System Charges so that, except with the Authority's consent, the standing charge, unit rate, and any other component of the charges does not exceed the Use of System Charges to equivalent Domestic Customers ("the equivalent charges").
4. For the purposes of paragraph 3, equivalent charges are the Use of System Charges made by the Electricity Distributor which has a Distribution Services Direction that specifies the Distribution Services Area in which the Domestic Premises connected to the licensee's Distribution System are located.
5. The Authority may give the licensee a direction that specifies which of the Use of System Charges made by the Distribution Services Provider for the Distribution Services Area mentioned in paragraph 4 are relevant for the purposes of determining the equivalent charges.

Procedure for disapplying this condition

6. The charging arrangements set out above apply for so long as this licence continues in force but shall cease to have effect (in whole or in part) if the licensee makes a Disapplication Request to the Authority in accordance with paragraphs 7 to 18 of this condition and:
 - (a) the Authority agrees in Writing to the Disapplication Request; or
 - (b) the provisions that are the subject of the Disapplication Request are disappplied by a Disapplication Notice given by the licensee in accordance with the provisions of this condition.
7. The licensee may ask the Authority to consent to the disapplication of this condition (in whole or in part) by giving it a Disapplication Request made in accordance with paragraph 8.
8. A Disapplication Request must:
 - (a) be in Writing addressed to the Authority;
 - (b) specify the paragraph or paragraphs of this condition (or any part or parts thereof) to which the request relates;
 - (c) provide a full statement of the licensee's reasons for making the Disapplication Request;
 - (d) contain such other information or analysis as the licensee considers necessary to enable the Authority fully to assess the Disapplication Request; and
 - (e) state the date that is proposed by the licensee (which must not be earlier the date specified in paragraph 9) on and after which the specified paragraph or paragraphs (or any part or parts thereof) would no longer have effect ("the Disapplication Date").
9. Except with the Authority's consent, no disapplication of this condition following its receipt of a Disapplication Request under paragraph 7 may have effect until a date not less than 18 months after receipt of the Disapplication Request.
10. A Disapplication Request may apply to a specified geographic area.
11. If, within 10 working days of receipt of a Disapplication Request, the Authority gives notice to the licensee:
 - (a) specifying any further information or analysis that it reasonably considers is required in order to assess the Disapplication Request; and
 - (b) requesting the licensee to provide that information or analysis, the Disapplication Request will be treated for the purposes of this condition as not

delivered to the Authority until that further information or analysis is provided. If in consequence the Disapplication Date set out in the Disapplication Request no longer complies with paragraph 9, the Disapplication Date shall be treated as being the earliest date that would comply with that paragraph.

12. The giving of notice under paragraph 11 shall not preclude the Authority from making such further requests for information or analysis, or for the reformatting of information or analysis already provided, as it may consider it requires to assess the proposal.
13. The licensee may withdraw a Disapplication Request at any time.

Licensee's right to disapply this condition under a Disapplication Request

14. If the licensee has made a Disapplication Request that complies with the requirements of paragraphs 8 and 9 of this condition, and the circumstances described in paragraphs 15 or 17 of this condition apply, it may subsequently serve a Disapplication Notice on the Authority disapplying some or all of the provisions that are the subject of the Disapplication Request.

Disapplication without involvement of the Competition and Markets Authority

15. The licensee may serve a Disapplication Notice on the Authority if, by the Disapplication Date specified in the relevant Disapplication Request, the Authority has not responded to the request by publishing a decision under section 11A of the Act to modify this condition in either of the ways described in paragraph 16.
16. The ways referred to in paragraphs 15 are:
 - (a) modify any of the provisions referred to in the Disapplication Request; or
 - (b) modify this condition so as to remove the licensee's right to serve a Disapplication Notice on the Authority in respect of the relevant Disapplication Request.

Disapplication after involvement of the Competition and Markets Authority

17. The licensee may also serve a Disapplication Notice on the Authority if the Authority has published a decision described in paragraph 16 of this condition but:
 - (a) the licensee has exercised its right to appeal to the Competition and Markets Authority against the decision of the Authority as provided for by section 11C of the Act;
 - (b) the Competition and Markets Authority has quashed the Authority's decision, and has included in its direction to the Authority a provision relating to the right for the licensee to serve a Disapplication Notice on the Authority; and

(c) no more than 20 working days have elapsed since the date from which the licensee may serve a Disapplication Notice on the Authority under the Competition and Markets Authority's direction.

18. A Disapplication Notice under paragraphs 15 and 17 must also comply with any terms or conditions specified in the Competition and Markets Authority's direction.
19. For the purposes of this condition:
 - (a) **Disapplication Notice** means a notice served on the Authority in accordance with paragraphs 15 and 17 of this condition disapplying some or all of the provisions the subject of a Disapplication Request.
 - (b) **Disapplication Request** means a request made to the Authority in accordance with paragraphs 8 and 9 of this condition to disapply some or all of the charging provisions of this condition.
