Dear Dan

**Re: Price cap: consultation on potential changes to BSUoS charges in the price cap**

Thank you for the opportunity to comment on the above.

In the light of the decision on BSC Mod 361, and our views on certainty and stability, we agreed with the change set out in the document and with Ofgem's proposal for a transitional arrangement.

Yours sincerely,

By email

Alison Russell  
Director of Policy & Regulatory Affairs
