Date: 28 April 2023

**Proposal to issue a conditional direction under Special Condition 3.32.8 of the electricity transmission licence held by National Grid Electricity Transmission Plc (the Licensee) to add allowance for Civil Related Works**

1. The Gas and Electricity Markets Authority ('the Authority') proposes to issue a direction under Special Condition (SpC) 3.32.8 to add Appendix 1 to SpC 3.32 (Civil Related Works Re-opener (CWRt)), conditional on the outcome of the Statutory Consultation published on 28 April 2023 on amending the definition of "Civil Related Works" and "Use It Or Lose It Adjustment" in SpC 1.1.16 and on amending SpC 3.32 to enlarge the scope of the Civil Related Works Re-opener and to enable the allowance for Civil Related Works to be subject to a Use It Or Lose It Adjustment. The direction will take effect if and when the modification of the definition of "Civil Related Works" and "Use It Or Lose It Adjustment" and the amendments to SpC 3.32 take effect.
2. We are proposing this direction to implement our decision on the Licensee's application to the Authority to award additional allowance for Civil Related Works under SpC 3.32.
