28 June 2023

Dear Mick

**Proposal to modify the RIIO-2 Electricity Distribution Price Control Financial Instruments**

Thank you for the opportunity to respond to the Notice of 2 June regarding the above. This response is on behalf of UK Power Networks' three distribution licence holding companies: Eastern Power Networks plc, London Power Networks plc, and South Eastern Power Networks plc. We are Great Britain's largest electricity Distribution Network Operator (DNO), dedicated to delivering a safe, secure and sustainable electricity supply to 8.5 million homes and businesses.

We have set out below our feedback to the proposed changes and the wider document:

- The copyright date on p2 should be updated to 2023;
- Paragraph 3.3 should have "other" removed before "Associated Documents" in the penultimate line as this drafting infers that the PCFH is an Associated Document which it is not – it is a Price Control Financial Instrument;
- There is a rogue blank line in the variable value table at the top of page 22 immediately above the "It" entry; and
- The justification for the removal of the "or" in 7.38 is because "all criteria listed should be met" – as this is the case the paragraph would be clearer with the replacement of the "or" with an "and".

If you have further questions, please let Paul Measday know in the first instance.

Yours sincerely

James Hope  
Head of Regulation & Regulatory Finance  
UK Power Networks
