**Response to Consultation on Ofgem's on a proposal to modify the standard conditions of the electricity interconnector licence for delay due to Pre-Operational Force Majeure**

Dear Sir / Madam,

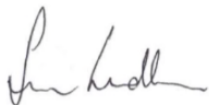

MaresConnect Limited (**MCL**) welcomes the Ofgem consultation on a proposal to modify the standard conditions of the electricity interconnector licence for delay due to Pre-Operational Force Majeure.

MaresConnect agrees with the proposal to modify the standard conditions as proposed, which provides greater certainty to project promoters as to the right to request relief in Force Majeure circumstances in the per-operational period.

We do not have any further comments in relation to the terms of the modification.

We are available to discuss this response.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Simon Ludlam".
