

## **Energy Company Obligation (ECO4) Summary of updates in the ECO4 Guidance: New Measures and Products (NMAP) V1.2**

### **Introduction**

This document outlines the amendments that we have made to our ECO4 Guidance: New Measures and Products (NMAP) V1.1 that was initially published on 22 June 2023. All amendments are included in V1.2 of the document.

### **Overview of amendments to ECO4 Guidance: New Measures and Products (NMAP) V1.0**

#### **Throughout document**

- Formatting and wording updates.

#### **Chapter 1: Introduction**

- Associated Documents: Updated link to The Electricity and Gas (Energy Company Obligation) Order 2022.
- Associated Documents: Updated link to Great British Insulation Scheme Delivery Guidance and updated the link name from "Draft Great British Insulation Scheme Guidance Delivery" to "Great British Insulation Scheme Delivery Guidance".

#### **Chapter 2: NMAP General Eligibility and Delivery Requirements**

- Paragraph 2.12: Added paragraph number.

#### **Chapter 4: Innovation Measures**

- Paragraph 4.11: Added "Where a measure applying for a substantial uplift no longer meets the description published in the description document (e.g. because of an additional material or a change in the service delivered to the end-user), a new application should be submitted instead".

- Paragraph 4.30: Amended “BEIS” to “DESNZ”.
- Paragraph 4.68 and Paragraph 4.104: Deleted “or moderate improvements across four” and replaced “slight” with “moderate”. This is to reflect the wording used in the assessment methodology document when defining score intervals.
- Paragraph 4.79: Amended formatting by combining with the paragraph below.
- Paragraph 4.128: Amended “reduced cost of installation” to “reduction in the disruption to householders during the installation of the measure”.
- Paragraph 4.147: Added “Innovation measures must meet the eligibility requirements for their underlying measure type. For example, an innovation measure which is a heating measure must meet the relevant requirements of articles 26-30.”
- Paragraph 4.148: Amended “different” to additional”.
- Table 4: Added a footnote to the table stating “\*In every instance, IMs must meet the eligibility requirements for their underlying measure type”.
- Paragraph 4.157: Added “Specific evidence requirements for IMs are detailed in the ECO4 Innovation: Approved Innovation Measures document”.

**Appendix 1: Abbreviations**

- Added Abbreviation “DESNZ” with Explanation “Department for Energy Security and Net Zero”.
