23rd April 2024

Dear Catherine,

**Statutory Consultation on a proposal to modify Special Condition 3.20 of the Gas Transporter Licence held by the Gas Distribution Networks**

Thank you for the opportunity to respond to this consultation. Northern Gas Networks (NGN) welcomes the opportunity to provide feedback on the proposed modifications to the Special Conditions of the Gas Transporter held by the Gas Distribution Networks.

We are supportive of the proposed changes and have no comments on the proposed wording.

We understand that it was necessary to make amendments after the associated re-opener window closed to stick to RIIIO-2 Price Control timelines. As a point of process, it would be preferable if any wording modifications were agreed prior to the associated re-opener window on future occasions, so that all networks have full opportunity to input and can consider if the changes would bring a particular re-opener into scope for relevant instances on their network.

If you have any queries about this response, please contact Dean Pearson, Head of Regulation, ([depearson@nothergas.co.uk](mailto:depearson@nothergas.co.uk)) who will be able to deal with your query.

Yours sincerely

Greg Dodd | Regulation & Strategic Planning Director  
Northern Gas Networks

**we are  
the network**

Northern Gas Networks Limited is registered in England and Wales, no. 5167070.  
Registered office: 1100 Century Way, Thorpe Park Business Park, Colton, Leeds LS15 8TU
