

Erratum Notice - Modification of the Special Condition ("SpC") 1.2 and 4.8 of the electricity distribution licence

On 26 September 2024 the Authority issued a decision to modify SpC 1.2 and 4.8 of the electricity distribution licence¹. The Modification implements our decision on 26 April 2024 to not switch on the DSO incentive outturn performance metrics during RIIO-ED2. These modifications will take effect from 21 November 2024.

We have subsequently identified a minor error in the Schedule to the modification decision as follows:

- A typographical error in Schedule 1 of the decision, under 'Part A The use of definitions in these special conditions'

The annex to this letter sets out the error which we will now amend in the modification to the Electricity Supply Distribution licence, which is due to take effect on 21 November 2024.

.....
Nathan Macwhinnie, Deputy Director, Price Control Operations
Duly authorised on behalf of the
Gas and Electricity Markets Authority
