Dear Sir,

On Wednesday 28th I attempted to send an email response to the energy transmission consultation which closes today.

I am not sure that I was successful, but in any case I now have an updated version. This is because of a major announcement by SSE about Viking windfarm and its associated subsea cable yesterday.

I would be obliged if you would disregard any previous communication from me that you have received and use the attached submission instead.

Please acknowledge receipt.

Thank you.

Yours faithfully,
