

Renewables Obligation Certificate (ROC) Issue Schedule 2025/2026

Note: If an operator has problems submitting this data to Ofgem, within the timeframes below, we should be notified **before** the relevant date in Column A. If data for Renewables Obligation Certificates (ROCs) is submitted to Ofgem after the date shown in Column A it will be suspended and Ofgem will look to generators to provide reasons as to why the data was submitted late. In these cases, it is unlikely that ROCs will be issued by the date shown in column B.

Month and year of generation	A/ Date by which ROC output data must be received	B/ Date by which Ofgem intends to issue ROCs
April 2025	30 June 2025	21 July 2025
May 2025	31 July 2025	21 August 2025

October 2025	31 December 2025	15 January 2026
November 2025	31 January 2026	16 February 2026
December 2025	28 February 2026	16 March 2026
January 2026	31 March 2026	15 April 2026
February 2026	30 April 2026	15 May 2026
March 2026 *	31 May 2026	15 June 2026

* Operators of micro-generating stations i.e. with a **declared net capacity of 50 kW or less** (or their agents) that have notified Ofgem that they want ROCs to be issued on an annual basis, must provide data for output and input electricity for the period, 01 April 2025 - 31 March 2026 by 31 May 2026 at the latest. Our generator and agent guidance documents, available on our website, provide further information on this. For individual micro-generating stations in NI we provide detailed instructions on how to submit data in the register user guide, which will help you with this process.

In the majority of cases, the data should be submitted via the register. In the event of a problem with the Register, information should be emailed to our dedicated email account: renewable.outputdata@ofgem.gov.uk. If you need to speak to a member of the Renewables team directly, please call our dedicated helpline on **020 7901 7310**.
