Dear Jenny,

**Consultation on Amendments to Market-Wide Half-Hourly Settlement
Governance Framework**

Thank you for the opportunity to provide feedback to the above-mentioned consultation.

We support the proposed amendments to the Governance Framework document to make Ofgem the final decision-maker if it is necessary to make any further changes to Tier 1 Programme milestones.

We welcome Ofgem's proposal to request the MHHS Implementation Manager considers the formation of an implementation group to provide a platform for parties to consider risks arising from programme implementation and we would be supportive of the programme initiating such a group.

We also support the amendments to administrative errors/clarifications made to the Framework document.

Yours sincerely

Louisa Stuart-Smith
