 prioritisation procedure – Independent Gas Transporters’ Uniform
 Network Code (IGT UNC)

Annex G: Legal drafting of code modification prioritisation procedure – Independent Gas Transporters’ Uniform Network Code (IGT UNC)

We have set out below the specific sections of the Independent Gas Transporters’ Uniform Network Code (IGT UNC)^{1,2} that we are modifying using our transitional powers contained in schedule 12 to the Energy Act 2023. Deletions are shown in strike-through, and new text is double underlined. Text in red³ shows changes that we have made to the code text contained in the [November 2025 statutory consultation](#), which include changes to take into account stakeholder feedback to our consultation and changes to reflect the current published version of the IGT UNC.⁴ For brevity, we have not reproduced entire sections of the code in this annex. Instead, we have included only the parts of the code that are changing, along with other parts we consider most relevant to understanding those changes.

PART L - MODIFICATION RULES

2 Interpretation

2.1 In addition to terms defined elsewhere in the IGT UNC, the following terms and expressions have the following meanings in this Part L:

¹ The IGT UNC has been designated as a ‘qualifying document’ by the Secretary of State as part of the [Designation Notice \(amended and consolidated\) under paragraphs 1\(1\)\(b\) and 1\(5\) of Schedule 12 to the Energy Act 2023 designating certain documents and central systems for the purposes of Schedule 12 to the Energy Act 2023](#)

² The prioritisation policy that we propose to introduce through this consultation relates to code processes before code manager appointment. We intend to keep the provisions under review, and if amendments are required in the future to account for the introduction of a code manager, a consultation will be carried out.

³ Where additional accessibility provisions are required, please contact industrycodes@ofgem.gov.uk

⁴ the IGT UNC refers to the version as of 5 March 2026 against which these changes were checked.
