### **Condition 26A. Disposal of Relevant Assets and restrictions on charges over Receivables**

#### **General prohibition**

This condition applies to the licensee if the licensee is not a Distribution Services Provider.

26A.1 The licensee must not take any action that is or would be a Disposal of, or a Relinquishment of Operational Control over, any Relevant Asset except in accordance with the provisions of this condition.

26A.2 Subject to paragraph 26A.3, the licensee must not, on or after 1 April 2023, grant any mortgage, charge, or other form of security over any Receivable except in accordance with the provisions of this condition.

26A.3 The licensee may permit any mortgage, charge, or other form of security over any Receivable in effect at the date mentioned in paragraph 26A.2 to remain in effect and may vary its terms so long as the variation does not have the effect of materially extending the scope of the mortgage, charge, or other form of security insofar as it applies to the licensee's Receivables.

#### **Arrangements for specific cases**

26A.4 Except where paragraph 26A.6, 26A.7 or 26A.9 applies, the licensee:

(a) .

(i) must give the Authority not less than two months' Notice of its intention to dispose of or relinquish operational control over any Relevant Asset, together with such further information as the Authority may request relating to that asset, or to the circumstances of the intended Disposal or Relinquishment of Operational Control, or to the intentions in regard to those matters of the person who proposes to acquire the asset or operational control over it; and

(ii) may grant a mortgage, charge, or other form of security over that Receivable or class or classes of Receivables if (and only if) the Authority either consents to the transaction in question or does not inform the licensee in Writing of any objection to it within the Notice period specified in sub-paragraph (b)(i).

26A.5 A consent by the Authority under paragraph 26A.4(a)(ii) or 26A.4(b)(ii) may be given subject to the acceptance by the licensee, or by any third party to the transaction in question, of such conditions as may be specified in that consent.

#### **Arrangements for other cases**

26A.6 The licensee may dispose of or relinquish operational control over any Relevant Asset where:

(a) the transaction in question or the asset in question is of a class or description to which the provisions of the General Consent set out at Appendix 1 (which is part of this condition) apply; and

(b) (b) the transaction in question satisfies and is in accordance with all such conditions and requirements as may apply to it under those provisions in relation to that asset.

26A.7 The licensee may grant a mortgage, charge, or other form of security over a Receivable or class or classes of Receivables where:

(a) the indebtedness of the licensee that is to be secured represents the novation or rollover of existing indebtedness; and

(b) the proceeds of the indebtedness of the licensee that is to be secured are used to repay the existing indebtedness referred to in sub-paragraph (a).

26A.8 For the purposes of paragraph 26A.7, what is meant in any particular case by:

(a) “existing indebtedness” and

(b) “proceeds of the indebtedness”

is to be treated as a question of fact.

**Statutory requirement**

26A.9 The licensee may:

(a) dispose of or relinquish operational control over any Relevant Asset; or

(b) grant a mortgage, charge, or other form of security over any Receivable or class or classes of Receivables,

**Interpretation**

26A.10 In this condition, in relation to a Relevant Asset or, as applicable, a Receivable:

(c) the grant of any mortgage, charge, or other form of security over that asset; or

(d) if the asset is an interest in land, any transaction or event that is capable under any enactment or rule of law of affecting the title to a registered interest in that land.

and references to “dispose” are to be read accordingly.

**Obsolete** means that the asset no longer performs its required function either in an efficient manner or at all (whether through wear and tear, obsolescence, damage, failure, unsafe operation, or advances in technology) and includes equipment that the licensee has decided to render obsolete as a result of inspection.

**Prior Notice** means Notice given to the Authority under paragraph 26A.2(a) of the licensee's intention in relation to the asset.

**Receivable** means a contractual right to receive any sum or sums or any other financial asset from another person.

**Redundant** means that the asset is no longer required or necessary to enable the licensee to comply with its obligations under the Act or this licence in relation to its Distribution System (but a Relevant Asset may not be regarded as being Redundant solely because it is in the ownership or control of a third party).

**Relinquishment of Operational Control** includes entering into any agreement or arrangement under which operational control of the asset is not or ceases to be under the sole management of the licensee, and "relinquish" and any related expressions in this context are to be read accordingly.

**Retail Prices Index** means, in relation to a valuation of the asset under paragraph A5 of Appendix 1, the general index of retail prices published by the Office for National Statistics (or any other successor body) each month in respect of all items.

**Value** means the estimated price that could be expected to be received in the market at the time of the Disposal of the asset.

#### **Appendix 1: General Consent**

**A1.** As provided for under paragraph 26A.6, the licensee may dispose of or relinquish operational control over any Relevant Asset without Prior Notice:

- (a)** in accordance with the provisions of Part A below, for the Disposal of a Relevant Asset; and
- (b)** in accordance with the provisions of Part B below, for the Relinquishment of Operational Control over a Relevant Asset.

## PART A: CATEGORIES OF DISPOSAL

### Disposal Category 1

A2. The licensee may dispose of a Relevant Asset without giving Prior Notice if:

- (a) the asset is Obsolete or Redundant; or
- (b) the Disposal will not constitute the Disposal of a legal (rather than an equitable) interest until the asset is Obsolete or Redundant; or
- (c) where the asset comprises only land above or below which an electric line (but not electrical plant) of the licensee is situated, the Disposal complies with paragraph A3.

A3. For the purposes of paragraph A2(c), the Disposal must be on terms that will permit the electric line (including any replacement of it) to remain in position for as long as it forms part of the licensee's Distribution System under a wayleave, easement, or other legal estate which in any such case includes sufficient rights of access in favour of the licensee for the purposes of inspection, maintenance, replacement, or repair as may reasonably be necessary to enable that line to remain in operation as part of the licensee's Distribution System.

A4. The consent in paragraph A2 does not apply in any of the following cases.

A5. It does not apply in respect of a Relevant Asset if the Value:

- (a) of that asset; or
- (b) of that asset and other related Relevant Assets that are being or are intended to be disposed of at the same time; or
- (c) of that asset and other Relevant Assets which together formed part of the licensee's Distribution System and are being declared Obsolete or Redundant at the same time or as part of the same operation.

exceeds, in the Regulatory Year beginning on 1 April 2022, £298,000 or, in any subsequent Regulatory Year, that amount increased by the same percentage by which the Retail Prices Index on 1 April in that year is greater than the Retail Prices Index on 1 April 2022.

A6. It does not apply in respect of a Relevant Asset that is Obsolete, unless an appropriate replacement or alternative arrangement has been installed in the licensee's Distribution System, or is being or is

intended to be installed in such a manner that continuity of the function of that system is achieved.

A7. It does not apply if the Disposal of the Relevant Asset constitutes a sale and leaseback arrangement.

A8. It does not apply if the Relevant Asset is intended to remain in operational use but not under the operational control of the licensee and its Value exceeds, in the Regulatory Year beginning on 1 April 2022, £29,800 or, in any subsequent Regulatory Year, that amount increased by the same percentage by which the Retail Prices Index on 1 April in that year is greater than the Retail Prices Index on 1 April 2022.

#### Disposal Category 2

A9. The licensee may without giving Prior Notice dispose of any Relevant Asset to a wholly owned Subsidiary if before the Disposal it has given the Authority a document duly executed by the Subsidiary and the licensee (in a form capable of being enforced by the Authority) that undertakes to the Authority that:

(a) the Subsidiary, in respect of the Relevant Asset, will comply with the provisions of this condition and standard condition 6 (Provision of Information to the Authority) as if it were the licensee; and

(b) the licensee will not cause or permit the Subsidiary to cease to be its wholly owned Subsidiary without the Authority's consent to the Disposal of the Relevant Asset owned by the Subsidiary.

#### Disposal Category 3

A10. The licensee may without giving Prior Notice grant to a third party an easement, wayleave, licence, or similar right over any land or property in which the licensee has a legal or beneficial interest and which is a Relevant Asset, except where the grant of such a right would have a material adverse effect on the licensee's ability to use or develop the land for the purposes of its Distribution Business.

#### Disposal Category 4

A11. The licensee may without giving Prior Notice dispose of any Relevant Asset to another Electricity Distributor so long as:

(a) that Electricity Distributor is subject to the provisions of this condition and standard condition 6 (Provision of Information to the Authority); and

(b) the licensee will remain able to fulfil the duties imposed on it by or under this licence after the Disposal of the asset.

## PART B: RELINQUISHMENT OF OPERATIONAL CONTROL

### *Ending of licensee's sole management of operational control*

B1. The licensee may, without giving Prior Notice, enter into an agreement or arrangement whereby operational control of a Relevant Asset (which, for the avoidance of doubt, may comprise the whole of the licensee's Distribution System) ceases to be under the licensee's sole management in any case where the agreement or arrangement ("the transaction") complies in every respect with all of the requirements set out in this Part B.

### *Primary characteristics of the transaction*

B2. The transaction must be consistent with all applicable conditions of this licence.

B3. Any other consent or clearance required under statute or under this licence in respect of the transaction must have been obtained.

B4. The transaction must be one that provides for the supply of a service or the provision of a resource in relation to a Relevant Asset by a counter-party ("the resource provider") on behalf of the licensee.

B5. The resource provider must be and remain an Affiliate of the licensee but must not be a Holding Company of the licensee.

B6. The transaction must be effected by contract made between the licensee and the resource provider.

B7. That contract must be binding and enforceable both in Great Britain and in any other jurisdiction in which the resource provider has its principal place of business and must conform to the requirement of paragraph B8.

### *Mandatory provisions of the relevant contract*

B8. The requirement of this paragraph is that the contract in question must contain provisions to the effect set out as follows.

- B9. The contract must ensure that no force majeure or equivalent provision in the contract is permitted to excuse any failure by the licensee, or by the resource provider acting on its behalf, to comply with the licensee's statutory or licence obligations unless (and to the extent that) the event or circumstance in question would have excused the licensee under this licence if it had itself performed the service or provided the resource.
- B10. The contract must ensure that the responsibility for the performance of all the obligations to which the contract relates is clearly specified, subject to the overriding requirement that the licensee remains ultimately responsible for all statutory and licence obligations applicable to the licensee's business.
- B11. The contract must ensure that the resource provider covenants with the licensee to refrain from any action that would be likely to cause the licensee to breach any of its statutory or licence obligations.
- B12. The contract must ensure that the resource provider
- (i) discloses to the licensee the basis or bases of all charges for services provided or supplies made under the contract, together with sufficient information and analysis to support the basis for the calculation of the total sum payable by the licensee, and
  - (ii) may not raise any objection to, or seek to prevent, disclosure of such information to the Authority.
- B13. The contract must ensure that the licensee will be free, at any time after the fifth anniversary of the commencement of the contract, without penalty and on reasonable Notice, to resource any service or supply from an alternative source of its own choice if more favourable terms become available.
- B14. The contract must ensure, finally, that the resource provider is under an obligation to give the licensee any information within its possession or control that the licensee may from time to time require in order to enable it to:
- (a) comply with any request by the Authority for Information under standard condition 6 (Provision of Information to the Authority);
  - (b) assess the performance or position of the resource provider or any of its subsidiaries with respect to the provision of any service or supply made to the licensee; or

(c) monitor adherence by the resource provider to the terms and conditions of the contract.

*Undertakings from Ultimate Holding Company*

B15. The licensee must procure:

(a) from that company or other corporate body that is from time to time the Ultimate Holding Company of the licensee and the resource provider; or

(b) from such other corporate body as the Authority may from time to time designate.

acknowledgements and legally enforceable undertakings in favour of the licensee on the terms set out in the Model Form below (which is part of this condition).

B16. Those acknowledgements and undertakings:

(a) must have been obtained before the end of seven days after the date on which the company or other corporate body in question ("the covenantor") becomes the licensee's Ultimate Holding Company; and

(b) must remain in force for as long as the covenantor remains the Ultimate Holding Company.

B17. For the purposes of paragraphs B15 and B16, "Ultimate Holding Company" means the company or other corporate body that is the Holding Company of both the licensee and the resource provider and is not itself a Subsidiary of another company or corporate body.

*Evidence of compliance and duty to enforce*

B18. Whenever the licensee obtains the acknowledgements and undertakings in accordance with paragraph B15, it must:

(a) give the Authority evidence of its compliance without delay (including a copy of the acknowledgements and undertakings in question); and

(b) at all times comply with any direction from the Authority to enforce any of those undertakings.

*Reporting obligation in respect of breach*

B19. The licensee must inform the Authority immediately in Writing if the licensee's directors become aware that any undertaking procured

under the provisions of this Part B has ceased to be legally enforceable or that its terms have been breached.

*Restriction of arrangements with resource provider*

B20. Except with the Authority's consent, the licensee must not obtain or continue to obtain the service or resource in question from the resource provider at any time when:

(a) the acknowledgements and undertakings specified at paragraph B15 are not in place; or

(b) there is an unremedied breach of any undertaking that is in place; or

(c) the licensee is in breach of the terms of any direction given by the Authority under paragraph B18(b).

B21. The Model Form mentioned in paragraph B15 follows immediately below.

MODEL FORM: ACKNOWLEDGEMENTS AND UNDERTAKINGS

*Acknowledgements*

MF1. That it is in the best interests of the covenantor that the licensee complies with its statutory and licence obligations.

MF2. That all matters relating to the enforcement of the licensee's rights under the relevant contract are to be reserved to the licensee's directors without regard to other interests.

*Undertakings*

MF3. To procure that the resource provider will:

(a) refrain from any action that would be likely to cause the licensee to breach any of its statutory or licence obligations;

(b) provide the licensee with any information within its possession or control that the licensee may from time to time require in order to enable the licensee to:

(i) comply with any request by the Authority for Information under standard condition 6 (Provision of Information to the Authority), or

(ii) assess the performance or position of the resource provider or any of its subsidiaries with respect to the provision of any service or supply made to the licensee, or

(iii) monitor adherence by the resource provider to the terms and conditions of the contract;

(c) not show undue preference to, or unduly discriminate against, the licensee in the provision to it of supplies or services; and

(d) not take any action that would constitute a Disposal of, or Relinquishment of Operational Control over, any Relevant Asset (other than to the licensee upon the ending or termination of any relevant contract in accordance with its terms) except in accordance with the requirements of this condition and of any consent given by the Authority under it.

MF4. To procure that any contract between the licensee and the resource provider will comply with the requirements set out in Part B of this General Consent and will not be amended so as to cease in any way to be compliant with those requirements.

To procure that the resource provider has and maintains resources and operating capacity at a level sufficient to ensure efficient performance of the contract and the efficient discharge of the licensee's relevant obligations.

26.3 The licensee may permit any mortgage, charge, or other form of security over any Receivable or other Financial Asset in effect at the date mentioned in paragraph 26.2 to remain in effect and may vary its terms so long as the variation does not have the effect of materially extending the scope of the mortgage, charge, or other form of

security insofar as it applies to the licensee's Receivables or other Financial Asset.-

**Arrangements for specific cases**

26.4 Except where paragraph 26.6, 26.7 or 26.9 applies, the licensee:

26.10 In respect of a sale, disposal or transfer of a distribution asset to a company or other entity operating within the same group structure as the licensee, excluding to a subsidiary of the licensee, the licensee is required to meet the requirement of paragraph 43A.10(c) A43A (Requirement for sufficiently independent directors).

- (a) in accordance with the provisions of Part A below, for the Disposal of a Relevant Asset; and
- (b) in accordance with the provisions of Part B below, for the Relinquishment of Operational Control over a Relevant Asset.

## PART A: CATEGORIES OF DISPOSAL

### *Disposal Category 1*

- A2. The licensee may dispose of a Relevant Asset without giving Prior Notice if:
- (a) the asset is Obsolete or Redundant; or
  - (b) the Disposal will not constitute the Disposal of a legal (rather than an equitable) interest until the asset is Obsolete or Redundant; or
  - (c) where the asset comprises only land above or below which an electric line (but not electrical plant) of the licensee is situated, the Disposal complies with paragraph A3.
- A3. For the purposes of paragraph A2(c), the Disposal must be on terms that will permit the electric line (including any replacement of it) to remain in position for as long as it forms part of the licensee's Distribution System under a wayleave, easement, or other legal estate which in any such case includes sufficient rights of access in favour of the licensee for the purposes of inspection, maintenance, replacement, or repair as may reasonably be necessary to enable that line to remain in operation as part of the licensee's Distribution System.
- A4. The consent in paragraph A2 does not apply in any of the following cases.
- A5. It does not apply in respect of a Relevant Asset if the Value:
- (a) of that asset; or
  - (b) of that asset and other related Relevant Assets that are being or are intended to be disposed of at the same time; or
  - (c) of that asset and other Relevant Assets which together formed part of the licensee's Distribution System and are being declared Obsolete or Redundant at the same time or as part of the same operation,
- exceeds, in the Regulatory Year beginning on 1 April 2022, £298,000 or, in any subsequent Regulatory Year, that amount increased by the same percentage by which the Retail Prices Index on 1 April in that year is greater than the Retail Prices Index on 1 April 2022.
- A6. It does not apply in respect of a Relevant Asset that is Obsolete, unless an appropriate replacement or alternative arrangement has been installed in the licensee's Distribution System, or is being or is

intended to be installed in such a manner that continuity of the function of that system is achieved.

- A7. It does not apply if the Disposal of the Relevant Asset constitutes a sale and leaseback arrangement.
- A8. It does not apply if the Relevant Asset is intended to remain in operational use but not under the operational control of the licensee and its Value exceeds, in the Regulatory Year beginning on 1 April 2022, £29,800 or, in any subsequent Regulatory Year, that amount increased by the same percentage by which the Retail Prices Index on 1 April in that year is greater than the Retail Prices Index on 1 April 2022.

#### *Disposal Category 2*

- A9. The licensee may without giving Prior Notice dispose of any Relevant Asset to a wholly owned Subsidiary if before the Disposal it has given the Authority a document duly executed by the Subsidiary and the licensee (in a form capable of being enforced by the Authority) that undertakes to the Authority that:
- (a) the Subsidiary, in respect of the Relevant Asset, will comply with the provisions of this condition and standard condition 6 (Provision of Information to the Authority) as if it were the licensee; and
  - (b) the licensee will not cause or permit the Subsidiary to cease to be its wholly owned Subsidiary without the Authority's consent to the Disposal of the Relevant Asset owned by the Subsidiary.

#### *Disposal Category 3*

- A10. The licensee may without giving Prior Notice grant to a third party an easement, wayleave, licence, or similar right over any land or property in which the licensee has a legal or beneficial interest and which is a Relevant Asset, except where the grant of such a right would have a material adverse effect on the licensee's ability to use or develop the land for the purposes of its Distribution Business.

#### *Disposal Category 4*

- A11. The licensee may without giving Prior Notice dispose of any Relevant Asset to another Electricity Distributor so long as:

- (a) that Electricity Distributor is subject to the provisions of this condition and standard condition 6 (Provision of Information to the Authority); and
- (b) the licensee will remain able to fulfil the duties imposed on it by or under this licence after the Disposal of the asset.

## PART B: RELINQUISHMENT OF OPERATIONAL CONTROL

### *Ending of licensee's sole management of operational control*

- B1. The licensee may, without giving Prior Notice, enter into an agreement or arrangement whereby operational control of a Relevant Asset (which, for the avoidance of doubt, may comprise the whole of the licensee's Distribution System) ceases to be under the licensee's sole management in any case where the agreement or arrangement ("the transaction") complies in every respect with all of the requirements set out in this Part B.

### *Primary characteristics of the transaction*

- B2. The transaction must be consistent with all applicable conditions of this licence.
- B3. Any other consent or clearance required under statute or under this licence in respect of the transaction must have been obtained.
- B4. The transaction must be one that provides for the supply of a service or the provision of a resource in relation to a Relevant Asset by a counter-party ("the resource provider") on behalf of the licensee.
- B5. The resource provider must be and remain an Affiliate of the licensee but must not be a Holding Company of the licensee.
- B6. The transaction must be effected by contract made between the licensee and the resource provider.
- B7. That contract must be binding and enforceable both in Great Britain and in any other jurisdiction in which the resource provider has its principal place of business and must conform to the requirement of paragraph B8.

### *Mandatory provisions of the relevant contract*

- B8. The requirement of this paragraph is that the contract in question must contain provisions to the effect set out as follows.

- B9. The contract must ensure that no force majeure or equivalent provision in the contract is permitted to excuse any failure by the licensee, or by the resource provider acting on its behalf, to comply with the licensee's statutory or licence obligations unless (and to the extent that) the event or circumstance in question would have excused the licensee under this licence if it had itself performed the service or provided the resource.
- B10. The contract must ensure that the responsibility for the performance of all the obligations to which the contract relates is clearly specified, subject to the overriding requirement that the licensee remains ultimately responsible for all statutory and licence obligations applicable to the licensee's business.
- B11. The contract must ensure that the resource provider covenants with the licensee to refrain from any action that would be likely to cause the licensee to breach any of its statutory or licence obligations.
- B12. The contract must ensure that the resource provider
- (i) discloses to the licensee the basis or bases of all charges for services provided or supplies made under the contract, together with sufficient information and analysis to support the basis for the calculation of the total sum payable by the licensee, and
  - (ii) may not raise any objection to, or seek to prevent, disclosure of such information to the Authority.
- B13. The contract must ensure that the licensee will be free, at any time after the fifth anniversary of the commencement of the contract, without penalty and on reasonable Notice, to resource any service or supply from an alternative source of its own choice if more favourable terms become available.
- B14. The contract must ensure, finally, that the resource provider is under an obligation to give the licensee any information within its possession or control that the licensee may from time to time require in order to enable it to:
- (a) comply with any request by the Authority for Information under standard condition 6 (Provision of Information to the Authority);
  - (b) assess the performance or position of the resource provider or any of its subsidiaries with respect to the provision of any service or supply made to the licensee; or

- (c) monitor adherence by the resource provider to the terms and conditions of the contract.

*Undertakings from Ultimate Holding Company*

B15. The licensee must procure:

- (a) from that company or other corporate body that is from time to time the Ultimate Holding Company of the licensee and the resource provider; or
- (b) from such other corporate body as the Authority may from time to time designate,

acknowledgements and legally enforceable undertakings in favour of the licensee on the terms set out in the Model Form below (which is part of this condition).

B16. Those acknowledgements and undertakings:

- (a) must have been obtained before the end of seven days after the date on which the company or other corporate body in question (“the covenantor”) becomes the licensee’s Ultimate Holding Company; and
- (b) must remain in force for as long as the covenantor remains the Ultimate Holding Company.

B17. For the purposes of paragraphs B15 and B16, “Ultimate Holding Company” means the company or other corporate body that is the Holding Company of both the licensee and the resource provider and is not itself a Subsidiary of another company or corporate body.

*Evidence of compliance and duty to enforce*

B18. Whenever the licensee obtains the acknowledgements and undertakings in accordance with paragraph B15, it must:

- (a) give the Authority evidence of its compliance without delay (including a copy of the acknowledgements and undertakings in question); and
- (b) at all times comply with any direction from the Authority to enforce any of those undertakings.

*Reporting obligation in respect of breach*

B19. The licensee must inform the Authority immediately in Writing if the licensee’s directors become aware that any undertaking procured

under the provisions of this Part B has ceased to be legally enforceable or that its terms have been breached.

*Restriction of arrangements with resource provider*

- B20. Except with the Authority's consent, the licensee must not obtain or continue to obtain the service or resource in question from the resource provider at any time when:
- (a) the acknowledgements and undertakings specified at paragraph B15 are not in place; or
  - (b) there is an unremedied breach of any undertaking that is in place; or
  - (c) the licensee is in breach of the terms of any direction given by the Authority under paragraph B18(b).
- B21. The Model Form mentioned in paragraph B15 follows immediately below.

MODEL FORM: ACKNOWLEDGEMENTS AND UNDERTAKINGS

*Acknowledgements*

- MF1. That it is in the best interests of the covenantor that the licensee complies with its statutory and licence obligations.
- MF2. That all matters relating to the enforcement of the licensee's rights under the relevant contract are to be reserved to the licensee's directors without regard to other interests.

*Undertakings*

- MF3. To procure that the resource provider will:
- (a) refrain from any action that would be likely to cause the licensee to breach any of its statutory or licence obligations;
  - (b) provide the licensee with any information within its possession or control that the licensee may from time to time require in order to enable the licensee to:
    - (i) comply with any request by the Authority for Information under standard condition 6 (Provision of Information to the Authority), or

- (ii) assess the performance or position of the resource provider or any of its subsidiaries with respect to the provision of any service or supply made to the licensee, or
  - (iii) monitor adherence by the resource provider to the terms and conditions of the contract;
- (c) not show undue preference to, or unduly discriminate against, the licensee in the provision to it of supplies or services; and
- (d) not take any action that would constitute a Disposal of, or Relinquishment of Operational Control over, any Relevant Asset (other than to the licensee upon the ending or termination of any relevant contract in accordance with its terms) except in accordance with the requirements of this condition and of any consent given by the Authority under it.
- MF4. To procure that any contract between the licensee and the resource provider will comply with the requirements set out in Part B of this General Consent and will not be amended so as to cease in any way to be compliant with those requirements.
- MF5. To procure that the resource provider has and maintains resources and operating capacity at a level sufficient to ensure efficient performance of the contract and the efficient discharge of the licensee's relevant obligations.

or

**(b) Certificate 2R**

operational resources including management, personnel, fixed and moveable assets, rights, licences, consents and facilities available to itself to enable the licensee to carry on the Distribution Business for a period of 12 months from the date of this certificate.

However, the directors of the licensee would like to draw attention to the following factors, which may cast doubt on the licensee's ability to carry on the Distribution Business [followed by a description of the factors concerned].

or

**(c) Certificate 3R**

"In the opinion of the licensee's directors, the licensee will not have sufficient operational resources including management, personnel, fixed and moveable assets, rights, licences, consents, and facilities available to itself to enable the licensee to carry on the Distribution Business for a period of 12 months from the date of this certificate."

**Statement of factors in relation to operational resources certificate**

**30A.5** The licensee must ensure that the certificate given to the Authority under paragraph 30A.4 is accompanied by a statement of the main factors that the licensee's directors have taken into account in giving that certificate.

**Certificate for the Authority in relation to compliance with certain standard licence conditions**

**30A.6** With effect from 1 August 2013, the licensee must by 31 July each year give the Authority a certificate that has been approved by a resolution of the licensee's board of directors and signed by a director of the licensee pursuant to that resolution and is in one of the following forms:

**(a) Certificate 1C**

"After making enquiries the licensee's directors consider that, at the time of their approval of this certificate, the licensee is in compliance in all material respects with all of the obligations imposed on it by standard condition 6 (Provision of Information to the Authority), standard condition 29 (Restriction of activity and financial ring-fencing of the Distribution Business), standard condition 30 (Availability of resources), standard condition 31 (Undertaking from Ultimate Controller), amended standard condition BA 3 (Credit rating of licensee), and amended standard condition BA 4 (Indebtedness)."

**Obligation to report any adverse circumstance**

30A.7 The licensee must inform the Authority in Writing immediately if:

- (a) the directors of the licensee become aware of any circumstance that causes them no longer to have the reasonable expectations expressed in the most recent certificate given under paragraph 30A.2(a), 30A.2(b), 30A.4(a) or 30A.4(b); or
- (b) the directors of the licensee consider that any adverse circumstance that caused them to give the Authority a certificate in the form of Certificate 3F under paragraph 30A.2(c) or Certificate 3R under paragraph 30A.4(c) has materially worsened.

**Certificates for the Authority in relation to dividends**

30A.8 Subject to paragraph 30A.11, the directors of the licensee must not declare or recommend a dividend, and the licensee must not make any other form of distribution within the meaning of sections 829, 830, 849 and 850 of the Companies Act 2006, or redeem or repurchase any share capital of the licensee, unless before declaring, recommending, or making the distribution, redemption, or repurchase (as the case may be) the licensee has given the Authority a certificate that complies in all respects with the three requirements set out in paragraphs 30A.9 and 30A.10 below.

30A.9 The first requirement is that the certificate must be in the following form:

“After making enquiries, the directors of the licensee are satisfied:

- (a) that, at the time of their approval of this certificate, the licensee is in compliance in all material respects with all the obligations imposed on it by standard condition 6 (Provision of Information

to the Authority), standard condition 29 (Restriction of activity and financial ring-fencing of the Distribution Business), standard condition 30 (Availability of resources), standard condition 31 (Undertaking from Ultimate Controller), amended standard condition BA 3 (Credit rating of licensee), and amended standard condition BA 4 (Indebtedness); and

(b) that the making of a distribution, redemption, or repurchase of [value] on [date] will not, either alone or when taken together with other circumstances reasonably foreseeable at the date of this certificate, cause the licensee to be in breach to a material extent of any of those obligations in the future.”

30A.10 The second and third requirements are that the certificate:

(a) must have been approved by a resolution of the licensee’s board of directors passed not more than 14 days before the date on which the declaration, recommendation, or payment is to be made; and

(b) must be signed by a director of the licensee.

30A.11 The licensee need not give the Authority a certificate of the type referred to in paragraph 30A.8 in circumstances where:

(a) during the three months preceding the declaration or recommendation of a dividend, the making of any other form of distribution or the redemption or repurchase of share capital, it has given the Authority a certificate in the form of Certificate 1C under the requirement set out in paragraph 30A.6 of this condition; and

(b) that certificate includes an appropriate addendum using the wording given at paragraph 30A.9(b) of this condition.

30A.12 Where the certificate given under paragraph 30A.8, or relied upon under paragraph 30A.11, relates to the declaration or recommendation of a dividend, the licensee is under no obligation to issue a further certificate before paying that dividend so long as such payment is made within six months of the date on which the certificate was given.

**Requirement to maintain an Intervention Plan**

30A.13 The licensee must prepare by 1 April 2014, or within 12 months of this condition coming into effect in respect of the licensee, whichever is the later, and thereafter, maintain an Intervention Plan fulfilling the criteria described in the definition of Intervention Plan in Paragraph 30A.16 below.

30A.14 The requirement for the information described in any of sub-paragraphs (a) to (k) in the definition of intervention plan in paragraph 30A.16 below to be included in the Intervention Plan will be satisfied if the plan provides details of other documents or records (including electronic records) where that information can be readily obtained and those documents or records are either maintained by the licensee itself or are available to the licensee at all times under a legal or contractual right.

**Variation of provision for certain licensees**

30A.15 If the licensee is not a Distribution Services Provider, paragraph 30A.3(b) has effect as if, for the reference to “audit work under standard condition 44 (Regulatory Accounts) on the licensee’s Regulatory Accounts” there were substituted a reference to “audit work on the licensee’s most recent annual accounts as referred to in standard condition 31A (Accounts)”.

**Interpretation**

30A.16 In this condition:

**Associate means:**

- (a) an Affiliate or Related undertaking of the licensee;
- (b) an Ultimate Controller of the licensee;
- (c) a Participating Owner of the licensee; or
- (d) a Common Control Company.

**Common Control Company** means any company, any of whose Ultimate Controllers (applying the definition set out in standard condition 1 (Definitions for the standard conditions) but substituting that company for the licensee) is also an Ultimate Controller of the licensee.

**Intervention Plan** means a document or set of documents (which may be in a suitably secure electronic format) containing information that would be sufficient to allow an energy administrator (within the meaning of Chapter 3 of Part 3 of the Energy Act 2004) readily to obtain information on:

- (e) the financial assets, resources, and facilities of the licensee;
- (f) the non-financial assets, rights, and resources of the licensee including information on key management and operational personnel and information technology systems;

- (j) any mortgages, charges, or other forms of security over the licensee's assets;
- (k) the systems and processes by which the licensee carries on the Distribution Business with information on any significant contractual arrangements, including those that impose obligations on the licensee;
- (l) any arrangements under which the licensee has relinquished operation control over Relevant Assets to an Associate of the licensee;
- (m) any contractual rights to receive cash or other financial assets from any Associate of the licensee;
- (n) any contractual obligations to deliver cash or other financial assets to any Associate of the licensee; and
- (o) the licensee's arrangements and procedures for ensuring compliance with legislative requirements and with its obligations under this licence, including price control reporting requirements.

**Participating Owner** – For the purposes of the definition of Associate above, a person is subject to a Participating Interest by another person (a **Participating Owner**) if:

- (p) that other person holds a Participating Interest in the person; or
- (q) the person is subject to a Participating Interest by a person who is himself subject to a Participating Interest by that other person.

**Participating Interest** has the meaning given in section 421A of the Financial Services and Markets Act 2000.
