# 1. Introduction

## 1.1 Purpose and Scope of the Procedure

The purpose of this procedure is to ensure BSC Agents and the BSCCo only carry out specific Code activities on the request of an Authorised Person.

This procedure defines the processes under which Authorised Persons are registered and how these records are amended.

The BSCP covers:

(a) Nomination of Authorised Persons;

(b) Change to the scope of Authorised Persons authority;

(c) Cancellation of Authorised Persons; and

(d) Annual confirmation of Authorised Persons.

## 1.2 Main Users of the Procedure and their Responsibilities

The main users of this procedure are:

(a) Parties;

(b) Party Agents: Meter Operator Agents for CVA Metering Systems (CVA MOA), Energy Contract Volume Notification Agents (ECVNA) and Meter Volume Reallocation Notification Agents (MVRNA);

(c) BSCCo;

(d) CRA, SVAA and;

~~(e) Panel Secretary~~

A single Authorisation Register will be maintained by the CRA on behalf of the Central Data Collection Agent (CDCA), Energy Contract Volume Aggregation Agent (ECVAA), Funds Administration Agent (FAA), Settlement Administration Agent (SAA), and BSCCo. The CRA is responsible for managing the Authorisation Register of Authorised Persons based on the forms submitted by Parties, ECVNAs, MVRNAs, CVA MOAs, Licensed Distribution System Operators (LDSO) and BSCCo.

Where a Party has access to the Self-Service Gateway and an equivalent online form is provided, the Party may use the online form as an alternative to the paper forms defined in this BSCP.

Where a Party has provided data using the Self-Service Gateway, BSCCo may use the service to validate and confirm the input data or to request additional data. Where this is the case, these online transactions will represent a valid equivalent to the transactions defined in this BSCP.

© Elexon Limited 2025

Please note that there will not always be a one-to-one equivalence between the data collected via the Self-Service Gateway and the paper forms defined in this BSCP. For example, data collected in one paper form, may be collected by more than one online form. Conversely, a single online form may collect data from more than one paper form.

All references to the provision of information using BSCP forms in this Procedure, should be construed as provision either by a paper form (including an electronic version of the form provided via email) or via the Self-Service Gateway. References to the CRA, including checks performed by the CRA, may include the Self-Service Gateway as applicable

The CRA will provide BSCCo with updates of Authorised Persons via CRA-I013 and/or the Self-Service Gateway.

Parties, ECVNAs, MVRNAs, CVA MOAs and LDSOs are required to confirm lists of Authorised Persons at the request of the CRA on an annual basis.

All Parties are required to set up at least one Category A Authorised Signatory with the CRA.

Note that Authorisations for activities relating to Performance Assurance are contained within BSCP533 "PARMS Data Provision, Reporting and Publication of Peer Comparison Data".

## 1.3 Authentication Guidance

Whenever a BSCP form is submitted to BSCCo or a BSC Agent, including those contained in this BSCP38, the level of authentication that is required will depend on the medium by which the form is submitted:

| | |
|---|---|
| Post | Forms submitted by post will require passwords and authorised signatures for authentication purposes. |
| Fax | All forms submitted by fax will require passwords and authorised signatures, and in addition should be followed up by hard copies delivered by post, if requested. |
| Email | All forms submitted via email will require a password and must only originate from the email address registered to the relevant Authorised Person via this BSCP. Any email submissions that contain a correct password but an incorrect originating address will fail validation. |
| Electronic | Passwords are required when submitting information via Electronic Data File Transfer as required by the specified structure of each flow in the CVA Data Catalogue. A valid password, together with the access control to a participant's transfer system, will be used to validate electronic data flows. Therefore, each Authorised Person is responsible for ensuring that there is no unauthorised use of the participant's data transfer system. |
| Self-Service Gateway | The Role-Based Access Control (RBAC) provided by the Self-Service Gateway will be used to authenticate online requests. |

For all the above, a password should be provided on an individual (not company) basis.

## 1.4 Key Milestones

The key milestones in this procedure are:

(a) 5 Working Days (WD) after receipt of a Declaration of Authorised Persons Form the CRA must notify the raising Party, ECVNA, MVRNA, CVA MOA or LDSO that the Authorisation Register has been updated; and

(b) Parties, ECVNAs, MVRNAs, CVA MOAs and LDSOs with Authorised Persons to validate the contents of the Authorisation Register to the CRA within the timescales agreed by the CRA.

## 1.5 Balancing and Settlement Code Provisions

This BSCP has been produced in accordance with the provisions of the Code. In the event of an inconsistency between the provisions of this BSCP and the Code, the provisions of the Code shall prevail.

## 1.6 Associated BSC Procedures

This procedure interfaces with the following BSCPs:

### 1.7 Publication of Authorised Persons on BSC Website

Party and Party Agents wishing to publish its Authorised Persons List on the BSC Website, can do so, by providing formal authorisation to BSCCo confirming their consent that BSCCo can disclose such personal data regarding it and its employees to third parties. Formal authorisation must be submitted by a Category A Person to BSCCo (in writing) and must clearly state the relevant Party/Party Agent ID(s) to which the Authorised Persons relate to. Validation of the Category A person will be undertaken in accordance with Section 1.3. Please note that upon receipt of such authorisation, each Authorised Person's name, Company and level of authorisation against the relevant Party ID will be published (telephone numbers and email addresses will not be published on the website).

## 4. Authorisation Categories

The table below identifies for each authorisation category, the Central Service Provider (the BSC Agent or BSCCo undertaking that activity) and the BSC Section or BSCP to which that authorisation level applies. The final column details which Party or Party Agent is able to authorise individuals to initiate authorised activities.

| Category | Activity | Description | Central Service Provider | BSC Section or BSCP | Authorising Capacity |
|---|---|---|---|---|---|
| A | Changing Authorisations | Party, ECVNA, MVRNA, CVA MOA or LDSO to nominate a person to authorise other individual(s) to undertake BSC activities requiring an authorised signature.[4] | BSCCo, CDCA, CRA, ECVAA, FAA. | N/A | Party, ECVNA, MVRNA, CVA MOA, LDSO |
| B | Accept/Reject Data Estimation | Party to accept or reject estimated or substitute data as provided by the CDCA. | CDCA | BSCP03 | Party |
| C | Site Witnessing of Meter Readings | Party or their Party Agent (CVA MOA) to witness and confirm meter readings taken by the CDCA for MAR purposes. | CDCA | BSCP05, BSCP06 | Party; CVA MOA |
| D | On-site Meter Readings | CVA MOA to take readings. | CDCA | BSCP06 | CVA MOA |
| E | This Category will no longer be used | | | | |
| F | BM Units | Party to register and deregister BM Units, register the seasonal estimates of Demand and Generation Capacities, register and de-register Exempt Export status, elect Production/Consumption Flag (for Exempt Export Primary BM Units and Secondary BM Units) Transfer of Supplier ID, submit Secondary BM Unit MSID Pair Allocations and / or Secondary BM Unit AMSID Pair Allocations and submit Secondary BM Unit MSID Pair Delivered Volumes and / or Secondary BM Unit AMSID Pair Delivered Volumes.<br>AMVLP to register Asset Metering Systems with the SVAA and receive confirmation and rejection responses from the SVAA.. | CRA, SVAA | BSCP15, BSCP602 | Party |

[4] Any Party applying for inclusion on the BSC Website list of Suppliers (which have satisfied the criteria to complete a change of BM Unit ownership within 5 WD for a BM Unit with CVA metering and associated with a Customer's premises) must be authorised by a Category A Authorised Signatory. See BSCP15 for procedure and application form.
