Head of Electricity Code Development  
Ofgem  
9 Millbank  
London  
SW1P 3GE

22<sup>nd</sup> May 2002

Dear David,

**Modification to NGC's Transmission Licence: BSC modification proposal  
implementation dates - Consultation under section 11A of the Electricity Act 1989 –  
April 2002**

We agree with Ofgem's view that it would be prudent in the interest of efficiency to alter the arrangements so as to permit timetables for approved BSC modification implementation dates to be shortened. We support the amendment of standard condition C3.4(c) of the Transmission Licence as proposed in the consultation document.

Yours Sincerely,

Terry Ballard  
Economic Regulation
