**MODIFICATION TO NGC'S TRANSMISSION LICENCE: BSC MODIFICATION  
PROPOSAL IMPLEMENTATION DATES, April 2002**

Entergy Wholesale Operations (EWO) supports the proposal to modify standard condition C3.4 (c) of NGC's Transmission Licence. EWO agrees that there is no rationale for the present discrepancy that allows implementation timetables to be extended but not shortened. EWO believes that symmetry in the provision would be in the interests of efficiency in terms of delivering benefits to the market. The clarification that timetables can only be extended or shortened after consultation with those persons likely to be affected by the revision is welcomed.
