P28 TX licence

Mr. David Edward
Head of Electricity Code Development
Ofgem
9 Milbank
London
SW1P 3GE

Dear David,

**Re: Consultation Paper on NGC Licence Change
Modification to NGC's Transmission Licence:
BSC modification proposal implementation dates
Consultation under section 11A of the Electricity Act 1989**

We would agree that it would be sensible to be able to bring forward BSC system developments, in addition to the present facility of being able to extend the timetable for their implementation. We therefore support the proposed amendment to standard condition C3.4(c) of the Transmission Licence to read as follows (changes shown in bold):

Condition C3.4 (c)

5.2 "...and for that timetable to be extended **or shortened** with the consent of
or
as directed by the Authority **after those persons likely to be affected by the
revision of the timetable have been consulted.**"

Yours sincerely

Liz Anderson
General Manager
Energy Strategy & Regulation
