David Howdon  
Deputy Head of Metering (Ofgem)  
9 Millbank  
LONDON  
SW1P 3GE

Our Ref: RQ/7.1

Your Ref:

Date: 24<sup>th</sup> March 2003

Dear Mr Howdon

## **Competition in Electricity Metering Services (Industry Guidance Version 1.1)**

I was interested to read in the above document the references to the Accreditation Process administered by Elexon for the role of Meter Operator. I would welcome some clarification on whether the guidance note is intended to be a GB document or whether its remit is for England and Wales only. As you will be aware, Elexon has no jurisdiction within Scotland where the Meter Operator Accreditation & Certification Process is administered by SESL.

Your guidance on the intended scope of this paper would therefore be appreciated.

Yours sincerely

**Ronnie Quinn**  
**Regulation & Finance Manager**
