Nick,

Please find attached an objection placed on behalf of Opus Energy Limited.

I would like to take this opportunity to thank you and John for the time on the telephone earlier, it was very much appreciated. We are raising the objection due to the issues that we see surrounding the SPAA and the wider implications. We would also appreciate the opportunity and time that might come from the objection to this modification. We will be in contact over the next couple of days to discuss our issues and concerns and to assist with facilitating further discussions.

Thank you for your time again.

Regards
