

UNC Development: The Process

DISG 22

19 October 2004

Alan Raper

Proposed Contract Model

Creating the UNC Process

- Publish & discuss proposed NWC to UNC changes
- Publish & discuss Transition Arrangements proposals
- Informal consultation on consolidated change proposals
- Draft UNC and Transition Document on basis of above
- Review on drafting of new documentation
- Deliver reviewed documents and report to Ofgem
- Formal consultation by Ofgem

Creating the Short-form Code Process

- Publish & discuss proposed change in principle
- Raise Modification Proposal with drafting
- Launch at Modification Panel with drafting
- Transco (NWC) Modification Rules Apply
- Issue DMR and proceed Consultation
- FMR to Ofgem
- Ofgem Decision

Signing Requirements

The following documents would need to be signed by shippers with each new DNCo:

- A Framework Agreement (linked to each new short-form Code)
- Siteworks Terms and Conditions
- An security instrument for Transportation Credit
