

## **DN Sales Agent Workgroup Meeting 7**

**26 March 2004**

### **Summary of Actions**

1. NGT to circulate paper setting out relationships between DNs, agency and UNC and how stability of national services will be maintained, escalation routes into agency and impact on agent in event of a DN failure.
2. NGT to consider implications of shippers/suppliers becoming stakeholders in agent.
3. NGT to respond to Ofgem legal about agency acts, omissions and defaults.
4. Ofgem to notify AWG of intention to extend deadline for submission of pro-forma responses until 1<sup>st</sup> April 04.
5. BGT to produce paper setting out the implications of metering provider of last resort.
6. Ofgem to revise non-agent shipper/supplier services matrix and include mitigations.
7. AWG members to complete shipper/supplier matrix and include mitigating actions.
8. Ofgem to circulate NGT's connection presentation.
9. Ofgem to capture on DN Sales issues log MPRN DN identifier.
10. NGT to set out arrangements for managing loss of gas supply.
