

Structure and Timing of the Cash Out Review Working Group

David Hunt – Regulatory Economist

Issues

- Several issues to accommodate
 - Complexity
 - Thoroughness
 - Timescales

Structure

- Envisage use of sub-groups
- One sub-group per major issue
- Sub-groups run in parallel

Timing

- First meeting 2 December 2004
- Meetings begin in earnest in New Year
- [Four or five?] sub-groups, each meeting once per month
- Groups conclude summer 2005

Timeline

- Early January 2005 – first “issues” meeting
- Sub-groups to meet shortly thereafter on more regular basis
- Any analysis commissioned after first meeting of sub-group – late January/early February 2005
- Sub-groups meet to discuss analysis late February 2005
- Regular meetings on this basis
- Groups conclude around May 2005
- Groups can be flexible depending on progress
- Report in early summer 2005

Promoting choice and value for all
gas and electricity customers
