

## Cash Out Review Working Group – Inputs 3

7 February 2005, 13:00 -17:00

Location: Ofgem, 9 Millbank, London

### AGENDA

- |               |  |
|---------------|--|
| 13:00 – 14:45 | Consider papers circulated since last meeting and approaches suggested:<br>which of the approaches should we study further?<br>which of the approaches should we dismiss?              |
| 14:45 – 15:45 | Mapping the remaining approaches onto the existing reserve products (i.e. standing reserve and warming products):<br>how can the selected approaches be applied to these products?     |
| 15:45 – 16:30 | Decide what analysis, if any, is needed to help the assessment of the remaining approaches   |
| 16:30 – 17:00 | Preparation for next inputs meeting on BSAD:<br>identify and agree key questions to be asked/choices to be made for consideration<br>agree and assign 'homework' ahead of next meeting |
| 17:00         | Close  |
