Dear Mark,

**Re: Modifications proposed to the two gas transporters licences held by Transco plc,
Notice under Section 23(3) of the Gas Act 1986**

Thank you for the opportunity to comment in respect of the above consultation, we are content that this non-confidential response be placed in the Ofgem Library and on the Ofgem website.

Centrica agrees with Ofgem that the revision to Special Condition C19 improves the clarity of the drafting and hence we support the amendment. In addition, we agree that it is beneficial to apply the new Special Condition E9 to the RDNs and support its inclusion.

We hope these comments have been useful, but if you would like to discuss any points in more detail, I would be happy to help.

Yours sincerely,

By e-mail
