

Ofgem Seminar

View of the Embedded Generator

 **BETTA. What is its intention ?**

 **Where are we now ?**

 **Where do we want to be?**

 **How is our voice heard going forward?**

Ofgem Seminar

 **A view from inside a Scottish D network out to the GB Grid.**

-  **Generator; generation spur.**
-  **Generator; within exporting GSP. (new concept?)**
-  **Generator; within non exporting GSP.**

 **How does this compare with E&W.?**

 **Are the incentives properly targeted?**

 **Infrastructure investment costs.**

Ofgem Seminar

Thoughts for Discussion and Debate.

-  This is the start of an inclusive, managed, timetabled process.
-  Workshops & or working group.
-  Regulatory Impact Assessments where required.
-  Full industry consultation at key crossroads.
-  Establish principles early.
-  Essential that the GB market is exactly what is says on the tin !

 **Thank you Ofgem. Good Start !**
