Dear Mr Green

Transmission Licence to reflect extension of the TO Price Control to  
2006-07**

**Comments**

energywatch welcomes the opportunity to consider the draft revised text of the licence modifications.

We are content that the revised text reflects the changes required to extend National Grid Electricity Transmission's TO price control to 2006-07 and is fit for purpose.

Going forward, we will continue to keep these issues under review as and when they are raised, always considering the possible impact on consumers.

We would appreciate being kept informed of the progress of the consultation and any related issues to enable us to comment as the need arises.

If you do wish to discuss our response further please do not hesitate to contact me on 0191 2212072.

Yours sincerely
