Description of the Proposed Modification:

Housekeeping changes to accommodate:

- Revised EDF Energy visual brand incorporating new logo, endorsement and front cover format
- Updated contact details due to office relocation
- Addition of Appendix 3: Statement of Loss Adjustment Factor Methodology

A clear explanation of how the proposed change covers off the concerns detailed in the condition and justification of how it meets the relevant objectives:

This change does not alter the content of the approved charging methodology. It has been submitted to enable formal documentation of the version change.

Proposed wording for the methodology statement and (if applicable) the charging statement:

Please refer to the draft statement showing new logo, endorsement and formatting on the front cover, new logo and endorsement on the remaining pages, and updated contact details on page 4. The Statement of Loss Adjustment Factor Methodology has been included as appendix 3.

Illustrative charge, where the proposal results in changes, and details of which customers will be affected by the change:

Not applicable.

A timetable for the implementation of the modification and charge changes:

This review does not affect the charging methodology and therefore does not change charges.

A reasonable deadline and procedure for responding (Ofgem best practice is a minimum 6 week consultation period):

Not applicable.

Details/copies of any responses received to consultation carried out prior to submission to the Authority:

Not applicable.
