# Future of ISG

- Should the ISG continue in 2007?
  - DNOs progressing new models
  - New modification arrangements in place and working
  - Purpose of group changed: DNOs driving development
  
- Is a distribution charging group required?
  - Number of changes across DNOs expected through next year
  - Useful opportunity for DNOs, suppliers, generators and customers
  - Facilitate future development and consistency
  
- If so, what format is required next year?
  - User Forum
  - Facilitated by DNOs or Ofgem or third party?

A large, central version of the ofgem logo is positioned in the middle of the slide. It features the word "ofgem" in white lowercase letters on a red rounded rectangular background. The background of the slide is a faded, blue-tinted image of electrical components, including a three-pin plug and a meter.
