

Gas Information Review Proposal

UNC 0140

DSWG 23rd April 2007

Chris Logue

UNC Review Proposal

- ◆ National Grid have launched a UNC Review Proposal
 - ◆ Review all data published on website.
 - ◆ Except recently implemented changes
 - ◆ Identify data of little use
 - ◆ Identify duplicated data
 - ◆ Identify possible gaps in the data
 - ◆ Review NCORM and suggest how this may be simplified to allow more efficient and user friendly data provision

UNC Review Proposal

- ◆ Timetable
 - ◆ Discussed at April Transmission Workstream
 - ◆ Some ideas for new data were suggested by Centrica
 - ◆ Review group formalised at April UNC mod panel
 - ◆ First meeting to be scheduled for early – mid May
 - ◆ Report back to mod panel in 6 months with proposal(s) for changes (if required)
- ◆ Review Group
 - ◆ Members required from all interested parties
 - ◆ Formal invitations to be sent out shortly
 - ◆ Important that consumers are well represented
 - ◆ Commitment given for regular updates at the DSWG

Potential Mod Proposals

- ◆ Remove Obligations to publish unwanted or obsolete data.
- ◆ Reform the NCORM to adopt a data dictionary type format
- ◆ New data requirements
 - ◆ May be a number of separate proposals for new data
 - ◆ Mod proposals may be released before the end of the review process
