

## **PB Power reports on capital, replacement and direct operating expenditure for GDPCR**

**Document Type:** Consultants reports

**Ref:** 164/07

**Date of Publication:** 2 July 2007

---

**Target Audience:** Consumers and their representatives, gas distribution networks (GDNs), independent gas transporters (IGTs), gas shippers and suppliers and other interested parties

---

### **Overview:**

PB Power has reviewed the capital, replacement and operating expenditure submissions by the GDNs and provided recommendations to Ofgem on the appropriate expenditure allowances for 2008-09 to 2012-13. These reports set out PB Power's analysis and their recommendations. There is a separate report for each of the 8 GDNs covering capex and repx and an additional report for each GDN covering direct opex.
