Termination of Contracts and Deemed Contracts

- 7.1 Each Contract and Deemed Contract for the supply of gas to a premises must provide for itself to end when a Last Resort Supply Direction given to any other Gas Supplier has effect in relation to that premises.
- 7.2 If a Domestic Supply Contract provides for both the supply of gas to a premises and the provision of any other good or service, the reference in paragraph 7.1 to ending that contract is a reference to ending it for the supply of gas to the premises only.

Terms of Deemed Contracts must not be unduly onerous

- 7.3 The licensee must take all reasonable steps to ensure that the terms of each of its Deemed Contracts are not unduly onerous.
- 7.4 One way in which the terms of a Deemed Contract will be unduly onerous for any class of Domestic Customers or for any class of Non-Domestic Customers is if the revenue derived from supplying gas to the premises of the relevant class of customers on those terms:
- (a) significantly exceeds the licensee's costs of supplying gas to such premises; and
 - (b) exceeds such costs of supplying gas by significantly more than the licensee's revenue exceeds its costs of supplying gas to the premises of the generality of its Domestic Customers or, as the case may be, to the premises of the generality of its Non-Domestic Customers (in each case excluding from the calculation premises supplied in accordance with standard condition 8 (Obligations under Last Resort Supply Direction)).

Continuity and termination of Deemed Contracts

- 7.5 In addition to the requirement of paragraph 7.1, a Deemed Contract must:
- (a) include a term to give effect (under the Deemed Contract) to the requirements of paragraph 3 of standard condition 16 (Security and emergency arrangements) (which relates to the rights and obligations of the parties to a Contract where a direction given to the licensee under section 2(1)(b) of the Energy Act 1976 is in force);
 - (b) if the Customer is a Non-Domestic Customer, include a term to give effect (under the Deemed Contract) to the requirements of paragraph 4 of standard condition 16 (Security and emergency arrangements) (which relates to the rights and obligations of the parties to a Contract during a pipeline system emergency);

- (c) provide that, where a Customer intends his premises to be supplied with gas under a Contract with the licensee or any other Gas Supplier, the Deemed Contract will continue to have effect until the licensee or the other Gas Supplier, as appropriate, begins to supply gas to the premises under a Contract; and
- (d) if the Customer is a Domestic Customer, include a term to give effect (under the Deemed Contract) to the requirements of paragraph 1 of standard condition 24 (Termination of Domestic Supply Contracts) (which relates to the termination arrangements that apply when there is a change in the ownership or occupation of Domestic Premises).

7.6 If the licensee supplies gas to a Customer's premises under a Deemed Contract, the licensee must not charge the Customer a Termination Fee.

Information for Customers about Deemed Contracts

7.7 If the licensee supplies gas to a Customer's premises under a Deemed Contract, it must take all reasonable steps to provide that Customer with:

- (a) the Principal Terms of the Deemed Contract; and
- (b) Notice that Contracts, with terms that may be different from the terms of Deemed Contracts, may be available and of how information about such Contracts may be obtained.

7.8 If a person requests a copy of a Deemed Contract that the licensee has available, the licensee must provide it to that person within a reasonable period of time after receiving the request.

Calculation of consumption under Deemed Contracts

7.9 In determining the number of kilowatt hours of gas that are to be treated as supplied to or taken at premises under a Deemed Contract, the licensee must act reasonably and take into account available gas consumption data for the premises and any other relevant factor.

Effect of Last Resort Supply Direction on Deemed Contracts

7.10 If a Customer is being supplied with gas under a Deemed Contract because a Last Resort Supply Direction has been issued in relation to his premises, paragraph 7.3 and sub-paragraph 7.7(b) do not apply until that direction stops having effect.

Condition 8. Obligations under Last Resort Supply Direction

Last Resort Supply Direction

- 8.1 The Authority may give a Last Resort Supply Direction to the licensee if it considers that:
- (a) a circumstance has arisen that would entitle it to revoke the Gas Supply Licence of a Gas Supplier other than the licensee (for this condition only, the “other supplier”); and
 - (b) the licensee could comply with the Last Resort Supply Direction without significantly prejudicing its ability:
 - (i) to continue to supply gas to its Customers’ premises; and
 - (ii) to fulfil its contractual obligations for the supply of gas.
- 8.2 The Last Resort Supply Direction will:
- (a) have effect on and from the date on which and the time at which the other supplier’s Gas Supply Licence is revoked; and
 - (b) stop having effect on and from a date, specified in the Last Resort Supply Direction, that is up to six months after the date on which the direction has effect.

Licensee’s obligations

- 8.3 The licensee must comply with a Last Resort Supply Direction.
- 8.4 But the licensee is not required to comply with a Last Resort Supply Direction in respect of premises to which it would not be required to supply gas because of any of the exceptions set out in sub-paragraphs 5(a) to (c) of standard condition 22 (Duty to offer and supply under Domestic Supply Contract).
- 8.5 Within a reasonable period of time after receiving a Last Resort Supply Direction, the licensee must send a Notice to each of the premises specified or described in the Last Resort Supply Direction to inform each Customer:
- (a) that the other supplier stopped supplying gas to his premises with effect on and from the date on which the Last Resort Supply Direction had effect;
 - (b) that the licensee began to supply gas to his premises with effect on and from the date on which the Last Resort Supply Direction had effect;
 - (c) that the licensee is supplying gas to the Customer’s premises under a Deemed Contract;

- (d) that the Customer may enter into a Contract with the licensee or any other Gas Supplier under which gas will be supplied to his premises; and
- (e) of the Charges for the Supply of Gas that the licensee may charge the Customer while supplying him under the Last Resort Supply Direction.

Charges under Last Resort Supply Direction

- 8.6 The licensee's Charges for the Supply of Gas to the premises specified or described in the Last Resort Supply Direction must not exceed an amount that may be expected, in total, approximately to equal the licensee's reasonable costs of supply (including, where appropriate, the costs of purchasing gas at short notice) and a reasonable profit.
- 8.7 If the licensee purchases gas to comply with a Last Resort Supply Direction, it must take all reasonable steps to do so as economically as possible in all the circumstances of the case.

Condition 9. Claims for Last Resort Supply Payment

Ability to make claim

- 9.1 If the licensee has received the Authority's consent under paragraph 9.5, it may make a claim for a Last Resort Supply Payment, under standard condition 48 (Last Resort Supply: Payment Claims) or standard special condition A48 (Last Resort Supply: Payment Claims) of the Gas Transporter Licence, from each Relevant Gas Transporter in whose Transportation Services Area there were premises supplied by the licensee under the Last Resort Supply Direction.
- 9.2 The licensee must not make a claim for a Last Resort Supply Payment if it has waived its ability to do so by Notice given to the Authority before the Authority gave it a Last Resort Supply Direction.

Process for making claim

- 9.3 If the licensee intends to make a claim for a Last Resort Supply Payment, it must:
- (a) give Notice to the Authority of its claim; and
 - (b) give the Authority a calculation of the amount claimed with information to support that calculation,
- no later than six months after the date on which the Last Resort Supply Direction to which the claim relates stops having effect.
- 9.4 The total amount of the Last Resort Supply Payment (for this condition only, "the relevant amount") to be claimed by the licensee must not exceed the amount by which:
- (a) the total costs (including interest on working capital) reasonably incurred by the licensee in supplying gas to premises under the Last Resort Supply Direction and a reasonable profit,
are greater than:
 - (b) the total amounts recovered by the licensee through Charges for the Supply of Gas to premises under the Last Resort Supply Direction (after taking all reasonable steps to recover such charges).
- 9.5 If the Authority considers it appropriate in all the circumstances of the case for the licensee to make the claim notified to it in accordance with paragraph 9.3, the Authority will give its consent to the licensee.
- 9.6 Within three months after it has been notified of the claim in accordance with paragraph 9.3, the Authority may determine that an amount other than the one calculated by the licensee is a more accurate calculation of the relevant amount.

- 9.7 If the Authority makes a determination under paragraph 9.6, the amount specified by it must be treated as the relevant amount for the purpose of paragraph 9.8.

Submissions to Relevant Gas Transporters

- 9.8 A claim by the licensee for a Last Resort Supply Payment from each Relevant Gas Transporter referred to in paragraph 9.1 must specify:
- (a) the respective proportion of the relevant amount to be paid by that Relevant Gas Transporter (being the same as the number of premises located within its Transportation Services Area when expressed as a proportion of the total number of premises located within the Transportation Services Areas of all the Relevant Gas Transporters in question); and
 - (b) whether payment is to be made by quarterly or monthly instalments.
- 9.9 A claim for a Last Resort Supply Payment will lapse if the licensee does not make it within six months after the Authority has given its consent under paragraph 9.5.

Condition 10. Restriction or revocation of licence

- 10.1 If the licensee makes an application to the Authority to restrict the premises to which it may supply gas or to revoke its licence, the licensee must take all reasonable steps to ensure continuity of supply for each Applicable Customer on terms that are the same as or as similar as possible to the terms in place between it and that customer immediately before the restriction or revocation is to have effect.
- 10.2 The licensee must give the Authority any Information that it reasonably requests about the licensee's compliance with paragraph 10.1 as soon as reasonably practicable after receiving a request.
- 10.3 The licensee is not required to comply with paragraph 10.1 if the Authority gives it a direction that relieves it of its obligation to do so.

Condition 12. Matters relating to Gas Meters

Connection of Gas Meter to service pipe

- 12.1 Paragraphs 12.2 to 12.4 apply where the licensee is, or is about to become, the Relevant Gas Supplier and:
- (a) further to arrangements made by the licensee, a Gas Meter is connected to a service pipe through which gas is conveyed to a premises by a person who is not an approved Meter Installer; or
 - (b) the licensee receives:
 - (i) notice of, or information relating to, a proposed connection under sub-paragraph 12(1) or 12(3) of Schedule 2B to the Act; or
 - (ii) a copy of a notice or information in relation to a proposed connection which has been received by the Relevant Gas Transporter, or the person who is about to become the Relevant Gas Transporter, under sub-paragraph 12(1) or 12(3) of Schedule 2B to the Act,and the notice or information does not state that the connection will be, or has been, made by an approved Meter Installer.
- 12.2 The licensee must take all reasonable steps to ensure that an approved Meter Installer inspects any connection of the kind mentioned in paragraph 12.1.
- 12.3 An inspection under paragraph 12.2 must be carried out no later than 20 Working Days after:
- (a) the date on which the connection mentioned in sub-paragraph 12.1(a) is made; or
 - (b) the date of the connection specified in any notice or information of the kind mentioned in sub-paragraph 12.1(b).
- 12.4 If, following an inspection under paragraph 12.2, the approved Meter Installer finds the connection to be unsatisfactory, the licensee must take all reasonable steps to ensure that an approved Meter Installer carries out any appropriate remedial work.

Examination of Gas Meters

- 12.5 The licensee must, on request from any of its Customers, remove a Gas Meter through which that Customer takes a supply of gas in order for it to be examined by a meter examiner in accordance with section 17 of the Act.

- 12.6 Paragraph 12.5 does not apply in relation to a Gas Meter through which gas is supplied to Secondary Premises unless the Customer making the request agrees that, if the meter is found to be in proper order within the meaning of subparagraph 3(7) of Schedule 2B to the Act, then he will bear the expenses incurred in removing, examining and re-installing the meter and in fixing a substitute meter under paragraph 12.7.
- 12.7 The licensee must, while a meter which registers the supply of gas to Secondary Premises is removed in accordance with paragraph 12.5, fix a substitute meter on the premises.

Inspection of Gas Meters

- 12.8 Unless the Authority otherwise consents, the licensee must take all reasonable steps to ensure that it inspects, at least once every two years, any Gas Meter and associated installation in respect of premises at which it is the Relevant Gas Supplier.
- 12.9 Where the licensee has been the Relevant Gas Supplier for less than two years, the period of two years referred to in paragraph 12.8 will be deemed to expire on a date specified in a notice given by the Relevant Gas Transporter which has been sent to the licensee by:
- (a) the Relevant Gas Shipper; or
 - (b) the Relevant Gas Transporter, where the licensee is the Relevant Gas Shipper,
- at least four months in advance of that date.
- 12.10 In paragraph 12.8, the reference to “all reasonable steps” includes, in particular, trying to obtain a warrant under the Rights of Entry (Gas and Electricity Boards) Act 1954 in cases where the licensee could not otherwise comply with its obligation.
- 12.11 Paragraph 12.8 does not apply in relation to Secondary Premises.
- 12.12 An inspection under paragraph 12.8 must be carried out by a person possessing appropriate skill and experience.
- 12.13 An inspection under paragraph 12.8 must include:
- (a) taking a meter reading;
 - (b) inspecting the Gas Meter and associated installation for evidence of tampering;
 - (c) inspecting the Gas Meter and associated installation for evidence that the meter has not continuously been in position for the purpose of registering the quantity of gas supplied;

- (d) arranging for information in respect of any gas leakage identified in the vicinity of the Gas Meter to be passed on in accordance with the Gas Safety (Management) Regulations 1996 as if the licensee had been informed of that leakage;
 - (e) inspecting the Gas Meter for any evidence of deterioration which might affect its safety or proper functioning; and
 - (f) where necessary, and subject to the consent of the owner of the Gas Meter, changing any batteries in the meter.
- 12.14 Nothing in sub-paragraphs 12.13(a) to (e) requires the licensee to disassemble any part of the Gas Meter.
- 12.15 Paragraph 12.16 applies where the Relevant Gas Transporter does not record separately:
- (a) any inspection carried out in accordance with paragraph 12.8; and
 - (b) any meter readings taken by authorised officers of the licensee,
- and the Relevant Transporter has informed the licensee that it has not made such records.
- 12.16 Without prejudice to paragraph 12.8, the licensee must ensure that an inspection of a Gas Meter and associated installation takes place on each occasion on which the meter is read by one of its authorised officers.

Application of provisions of Act

- 12.17 The licensee must, if it supplies gas through a Gas Meter to Secondary Premises, take all reasonable steps to secure by Contract that the provisions of paragraph 4 of Schedule 2B to the Act (which provide for the register of the meter to be sufficient evidence of the quantity of gas supplied) apply in respect of that meter.

Use of approved Meter Asset Manager

- 12.18 Where, in respect of any Domestic Premises at which it is the Relevant Gas Supplier, the licensee arranges for the provision of a Gas Meter, it must use an approved Meter Asset Manager.

Approval by Authority

- 12.19 In this condition, a reference to an approved Meter Installer or an approved Meter Asset Manager is to a Meter Installer or a Meter Asset Manager approved by the Authority for the purposes of this condition.

Condition 13. Arrangements for site access

13.1 The licensee must take all reasonable steps to ensure that each Representative who visits a Customer's premises on the licensee's behalf:

- (a) possesses the skills necessary to perform the required function;
- (b) can be readily identified as a Representative of the licensee by a member of the public;
- (c) uses any password that the licensee has agreed with the Customer;
- (d) is a fit and proper person to visit and enter the Customer's premises; and
- (e) is able to inform the Customer, on request, of a contact point for any help and advice that he may require in relation to the supply of gas.

13.2 The licensee must:

- (a) prepare a statement that sets out, in plain and intelligible language, its arrangements for complying with its obligations under paragraph 13.1;
- (b) publish that statement on and make it readily accessible from its Website (if it has one); and
- (c) give a copy of the statement on request and free of charge to any person.

13.3 The licensee must, in relation to any Secondary Premises at which any of its Customers takes a supply of gas, take all reasonable steps to obtain by Contract:

- (a) powers of entry for itself that are the same as or as similar as possible to the powers of entry contained in Schedule 2B to the Act; and
- (b) powers of entry for the Relevant Gas Shipper and the Relevant Gas Transporter that are the same as or as similar as possible to the powers of entry contained in Schedule 2B to the Act.

Condition 14. Customer transfer blocking

General prohibition

- 14.1 The licensee must not ask or allow a Relevant Gas Shipper to prevent a Proposed Supplier Transfer except in accordance with the provisions of this condition.

Non-Domestic Customer transfer blocking

- 14.2 The licensee may ask or allow the Relevant Gas Shipper to prevent a Proposed Supplier Transfer in relation to a Non-Domestic Customer at any Non-Domestic Premises at which the licensee is the Relevant Gas Supplier in any of the following circumstances:
- (a) a provision of its Contract with that customer for the supply of gas to the premises allows the licensee to prevent the Proposed Supplier Transfer;
 - (b) the Gas Supplier that initiated the Proposed Supplier Transfer has agreed with the licensee that the transfer was initiated in error; or
 - (c) in relation to a Contract entered into between the licensee and that customer before 5 January 2004 for the supply of gas to the premises which does not allow the licensee to prevent a Proposed Supplier Transfer:
 - (i) the customer has not paid Charges for the Supply of Gas to the premises or any other premises previously occupied by him which are due to the licensee, have been demanded in writing, have not been paid within 28 days after the demand was made and continue to be unpaid; or
 - (ii) the customer is bound by the provisions of that Contract and it will not end on or before the date of the Proposed Supplier Transfer.
- 14.3 If the licensee asks the Relevant Gas Shipper to prevent a Proposed Supplier Transfer of a Non-Domestic Customer, it must give a Notice to that customer to inform him:
- (a) that it has made a request to prevent the transfer;
 - (b) of the grounds for the request; and
 - (c) how the customer may dispute or resolve such grounds,
- as soon as reasonably practicable after making the request.

Domestic Customer transfer blocking

- 14.4 The licensee may ask or allow the Relevant Gas Shipper to prevent a Proposed Supplier Transfer in relation to a Domestic Customer at a Domestic Premises at which the licensee is the Relevant Gas Supplier in any of the following circumstances:

- (a) the customer has not paid Charges for the Supply of Gas to the premises or any other premises previously owned or occupied by him which are due to the licensee, have been demanded in writing, have not been paid within 28 days after the demand was made and continue to be unpaid;
- (b) the Gas Supplier that initiated the Proposed Supplier Transfer has agreed with the licensee that the transfer was initiated in error;
- (c) the customer informs the licensee that he has not entered into a Contract with the proposed new Gas Supplier and asks the licensee to prevent the Proposed Supplier Transfer from taking place; or
- (d) the customer is bound by the provisions of a Contract with the licensee for the supply of gas to the premises which will not end on or before the date of the Proposed Supplier Transfer and that Contract is of a kind specified in a direction issued by the Authority.

14.5 Sub-paragraph 14.4(a) does not apply if the Domestic Premises is being supplied with gas through a prepayment meter and:

- (a) the Domestic Customer has agreed with the proposed new Gas Supplier that any outstanding Charges for the Supply of Gas to the premises may be assigned by the licensee in accordance with the Protocol; or
- (b) the licensee, having increased the Charges for the Supply of Gas to the premises, has not taken all reasonable steps to reset the meter within a reasonable period of time after that increase has effect to take account of the increase and the charges that have not been paid (which may have accumulated over time) relate only to the increase and are equal to all or part of it.

14.6 If the licensee asks the Relevant Gas Shipper to prevent a Proposed Supplier Transfer of a Domestic Customer, it must give a Notice to that customer to inform him:

- (a) that it has made a request to prevent the transfer;
- (b) of the grounds for the request; and
- (c) how the customer may dispute or resolve such grounds,

as soon as reasonably practicable after making the request.

14.7 If sub-paragraph 14.4(c) applies and the licensee has agreed to prevent a Proposed Supplier Transfer at the Domestic Customer's request, the licensee must:

- (a) keep evidence of that request and of the reasons for it for at least 12 months after the request is made; and
- (b) inform the proposed new Gas Supplier:

- (i) that the objection has been raised at the customer's request; and
- (ii) of the reason given by the customer for making the request,
as soon as reasonably practicable after the licensee asks the Relevant Gas Shipper to prevent the transfer.

14.8 Sub-paragraph 14.4(d) will stop having effect on and from 1 April 2008 unless, before that date, the Authority issues a direction providing that the sub-paragraph will continue to have effect for a further period of time.

Condition 15

Not used

Condition 16. Security and emergency arrangements

Complying with Gas Transporter's requests

- 16.1 The licensee must comply with all requests made by a Gas Transporter that are not clearly unreasonable for the purpose of:
- (a) preventing or reducing danger to life or property; or
 - (b) securing the safety of the pipeline system or the safe conveyance of gas through the pipeline system or reducing any risk to it,
- in the circumstances described in paragraph 16.2.
- 16.2 The circumstances referred to in paragraph 16.1 are that:
- (a) there is an escape or a suspected escape of gas; or
 - (b) in the case of a pipeline system emergency, the opinion of the Gas Transporter is that any of the following circumstances applies:
 - (i) the safety of its pipeline system is significantly at risk;
 - (ii) the safe conveyance of gas through its pipeline system is significantly at risk; or
 - (iii) gas conveyed through its pipeline system is at such a pressure or of such a quality as to constitute, when supplied to premises, a danger to life or property.

Terms to be included in Contracts

- 16.3 The licensee must include, in each of its Contracts for the supply of gas to premises, a term to the effect that if it is given a direction under section 2(1)(b) of the Energy Act 1976 that prohibits or restricts the supply of gas to specified persons:
- (a) the licensee may discontinue or restrict the supply of gas to the Customer;
 - (b) if the licensee tells the Customer that he must not use gas, he must stop doing so; and
 - (c) if the licensee tells the Customer that he must restrict his use of gas, he must do so,
- for as long as the direction is in force and as is necessary or expedient for the purpose of or in connection with the direction.

Terms to be included in Non-Domestic Supply Contracts

- 16.4 The licensee must include in each of its Non-Domestic Supply Contracts a term to the effect that:
- (a) if the Gas Transporter or Relevant Gas Shipper asks the licensee to discontinue the supply of gas to the premises, the licensee is entitled to do so; and
 - (b) the Customer supplied with gas under the Non-Domestic Supply Contract must take all steps within its power to avoid using gas at the premises immediately after being told by the licensee or the Gas Transporter that he should do so,
- for the duration of any of the circumstances described in sub-paragraph 16.2(b).

Condition 17. Mandatory exchange of information

Information to Gas Transporter about pipeline system

- 17.1 If the licensee receives a reasonable request from a Gas Transporter for information that would enable it to fulfil its licence obligations to draw up plans for the safe operation, development or maintenance of its pipeline system, it must give that information to that transporter as soon as reasonably practicable after receiving the request.
- 17.2 The licensee is only required to comply with paragraph 17.1 if the Gas Transporter has established arrangements designed to ensure that information provided to it is not communicated (directly or indirectly) to any other Gas Supplier or any Gas Shipper.

Information to Relevant Gas Transporter about gas illegally taken

- 17.3 If the licensee receives a reasonable request from a Relevant Gas Transporter for information for the purpose of preventing or detecting the taking of a supply of gas and either:
- (a) paragraph 1 or 2 of standard condition 7 (Provision of Information Relating to Gas Illegally Taken) of the Gas Transporter Licence applies or would apply; or
 - (b) paragraph 5 of standard condition 7 (Provision of Information Relating to Gas Illegally Taken) of the Gas Transporter Licence applies or would apply because of paragraph 4 of that condition,

the licensee must give that information to that transporter as soon as reasonably practicable after receiving the request.

- 17.4 If the licensee becomes aware of the actual or suspected taking of a supply of gas (in the circumstances referred to in paragraph 17.3) where:
- (a) the gas had been conveyed to premises at which the licensee is the Relevant Gas Supplier; or
 - (b) the gas was in the course of being so conveyed through a service pipe by which such premises are connected to a relevant main,

the licensee must inform the Relevant Gas Transporter (in the form and manner reasonably requested by that transporter) that it has become aware of that information and, if it is reasonably practicable to do so, give a reasonable estimate of the volume or, if that information is unavailable, of the Amount of gas taken.

Information to Relevant Gas Shipper about meter connections and disconnections

- 17.5 If the licensee receives, in connection with a proposed connection or disconnection of a Gas Meter:
- (a) a notice of the kind referred to in sub-paragraph 12(1) of Schedule 2B to the Act; or
 - (b) information in pursuance of sub-paragraph 12(3) of Schedule 2B to the Act,

it must, as soon as reasonably practicable, give the Relevant Gas Shipper a copy of that notice or information, as appropriate, and any other information relating to the meter which is requested by that shipper and which the licensee either has or may readily obtain.

- 17.6 If the licensee:
- (a) intends to connect or has connected any Gas Meter to a service pipe through which gas is conveyed to any premises by a Relevant Gas Transporter; or
 - (b) intends to disconnect or has disconnected any Gas Meter from any such pipe,

it must give the Relevant Gas Shipper the equivalent notice and information, at the equivalent times, that would, because of paragraph 12 of Schedule 2B to the Act, have been required to be given to the licensee or the Relevant Gas Transporter if the connection or disconnection had been performed by a person other than the licensee.

- 17.7 Paragraph 17.6 applies in relation to any Secondary Premises as if gas were conveyed to those premises by a Gas Transporter.

- 17.8 Paragraphs 17.5 and 17.6 do not apply if the licensee is both the Relevant Gas Supplier and the Relevant Gas Shipper for the premises.

Information to Relevant Gas Shipper or Relevant Gas Transporter about premises

- 17.9 If the licensee becomes the Relevant Gas Supplier of premises, it must, no later than three days after becoming so, inform the Relevant Gas Shipper whether the premises are Domestic Premises or Non-Domestic Premises.
- 17.10 If the licensee becomes aware that a premises at which it is the Relevant Gas Supplier has changed:
- (a) from a Domestic Premises to a Non-Domestic Premises; or

(b) from a Non-Domestic Premises to a Domestic Premises,

it must inform the Relevant Gas Shipper of that change as soon as reasonably practicable after it becomes aware of it.

17.11 If the licensee for the purpose of paragraphs 17.9 and 17.10 is the Relevant Gas Shipper, it must inform the Relevant Gas Transporter of the information referred to in those paragraphs.

Information to Relevant Gas Shipper or Relevant Gas Transporter about premises

17.12 The licensee must, as soon as reasonably practicable, give the Relevant Gas Shipper, for transmission to the Relevant Gas Transporter (or give the Relevant Gas Transporter, where the licensee is the Relevant Gas Shipper), details of each inspection of a Gas Meter carried out under paragraphs 12.8 to 12.16, including:

- (a) the date on which the inspection was carried out;
- (b) the reading of the register; and
- (c) what, if anything, was found.

Provision of information

17.13 The licensee is not required to give any information requested by a Relevant Gas Transporter under paragraph 17.1 or 17.3 if doing so would seriously and prejudicially affect its commercial interests, except if the Authority directs it to do so because that information is necessary for any purpose referred to in those paragraphs.

17.14 This condition does not require the licensee to produce any documents or give any information which it could not be compelled to produce or give in evidence in civil proceedings before a court.

Condition 18. Undertakings to Relevant Gas Transporters

18.1 This condition applies if a Relevant Gas Transporter has given the licensee a Notice that sets out terms designed to ensure that:

- (a) if arrangements between the transporter and a Gas Shipper to convey gas to any premises supplied by the licensee come to an end;
- (b) if such arrangements are not immediately replaced by arrangements (that achieve the same purpose) between the transporter and the same or any other Gas Shipper; and
- (c) if the transporter has given Notice to the licensee of the end of the arrangements,

the licensee must:

- (i) provide the appropriate security to the transporter; and
- (ii) pay it all relevant charges for gas taken out of its pipeline system,

as if the arrangements had continued and the licensee had been the Gas Shipper, beginning when sub-paragraphs (a) to (c) apply and ending when a new Gas Shipper is appointed for the premises.

18.2 Where this condition applies, the licensee must give the Relevant Gas Transporter a binding undertaking in Writing in relation to the premises to which the licensee supplies gas that includes the terms set out in the Notice referred to in paragraph 18.1.

18.3 The licensee must give the binding undertaking to the Relevant Gas Transporter by no later than 20 Working Days after the licensee first begins to supply gas to any premises to which gas is conveyed by that transporter.

18.4 The licensee must take all reasonable steps to ensure that, no later than 25 Working Days after the date on which sub-paragraphs 18.1(a) to (c) apply in relation to any Relevant Gas Transporter, a Gas Shipper has made arrangements with that transporter for gas to be conveyed to the premises supplied by the licensee and such arrangements have effect.

18.5 The licensee will not be required to comply with any obligation in the preceding paragraphs of this condition if, because of section 5(1) of the Act (which prohibits unlicensed activities in relation to gas unless an exemption applies), it would be unlawful for it to do so.

18.6 In this condition, references to arrangements for gas to be conveyed to premises supplied by the licensee include, if those premises are Secondary Premises, arrangements under which gas is taken out of the pipeline system of the Relevant Gas Transporter at the Relevant Primary Premises.

Condition 19. Payments to Customers

19.1. As soon as reasonably practicable after the licensee receives a Relevant Payment:

- (a) from the Relevant Gas Shipper; or
- (b) if the licensee is the Relevant Gas Shipper, from the Relevant Gas Transporter,

it must pay a sum, which is equal to the Relevant Payment, to the appropriate Customer except in the circumstances referred to in paragraph 19.2.

19.2 If the Relevant Payment referred to in paragraph 19.1 is being paid to the licensee because of the Relevant Gas Transporter's failure:

- (a) to convey gas to Domestic Premises; or
- (b) to convey gas to Secondary Premises that are Domestic Premises in accordance with arrangements with the Relevant Gas Shipper for gas to be taken out of its pipeline system at the Relevant Primary Premises for conveyance to those premises,

the licensee must set off that sum against any Charges for the Supply of Gas which are or are likely to become due to be paid by the appropriate Customer or take all reasonable steps to pay to the Customer any amount that has not been so set off.

**Standard conditions 20 and 21:
Information for all Customers**

Condition 20. Safety of gas supplies and Meter Point Reference Number

SCHEDULE 3

Correlation Table

This table identifies the provisions of the old standard licence conditions (SLCs) and the corresponding provisions in the new standard conditions.

For the avoidance of doubt, a new standard condition may deal with the same issue as the corresponding old SLC either in whole or in part; and the new standard condition may not necessarily deal with that issue in the same way as the old SLC.

In the second column a dash ("-") indicates that the old provision is not replaced.
