

Promoting choice and value
for all gas and electricity customers

Green Supply Tariffs: Way forward

Seminar
11 June 2007

Way Forward

Early June

Ofgem and Energy Saving Trust publish parallel consultation on revised guidelines and associated accreditation scheme

June/July

Consult with industry via Bilateral meetings, industry seminars/work groups and through formal consultation

16 July

CONSULTATION CLOSES

Autumn

- Ofgem publishes revised guidelines
- Potential implementation of accreditation scheme

- Thank you for participating in the seminars/workshops
- Welcome your views/feedback regarding the proposals

Working Groups

26
June

Discussion/debate of key issues identified in the consultation specifically relating to the guidelines:

- Should they be extended to **non-domestic** tariffs?
- Should they include **low-carbon** technologies?
- How should the content of the guidelines be revised?

9 July

Discussion/debate of accreditation scheme options

- **5 star rating** system
- **Kitemark** pass or fail system

Welcome views/feedback during sessions or through written responses
