5.	A timetable for the implementation of the proposed modification changes.....	3

1. Description of the modification

Electricity North West Limited proposes to produce a variety of housekeeping changes to our Licence Condition 4 statement.

The aim of our proposal is to update the statement to provide clarity to the reader regarding the recent business changes which have taken place.

2. Reasons for the change with an explanation of how the proposed change better meets the relevant objectives

Our proposal will better meet the relevant objectives in the following ways:

- it takes account of developments in our distribution business and provides a clear view, where applicable, of the relationship between Asset Owner and Service Provider and the responsibilities therein.

3. Proposed Housekeeping Changes

3.1 References to Electricity North West throughout the statement to cover all instances where we mention:

- Licence Condition obligations;
- Contractual Framework;
- Use of System charging;
- Ownership of the electricity distribution network.

3.2 References to Electricity North West's agent United Utilities Electricity Services in the statement to cover instances of network service provision.

4. Proposed illustrative structure and charges

There is an attachment to this document with the relevant areas to be changed highlighted in track changes. This should make it easy to see how the areas of change sit within the Condition 4 statement.

5. A timetable for the implementation of the modification and charges changes

Date	Activity
21 January 2008	Modification proposal submitted to Ofgem for approval.
15 February 2008	Electricity North West Limited's proposed implementation date.
