

List of documents produced for RPI-X@20 review

(last updated 4th October 2010)

RPI-X@20 Decision document

Main document

- [Regulating energy networks for the future: RPI-X@20 decision document](#)

Supporting papers

- [Handbook for implementing the RIIO model](#)
- [A Guide to Price Control Modification References to the Competition Commission - Licensee and Third Party Triggered References](#)

RPI-X@20 Recommendations consultation

Main consultation document

- [Regulating energy networks for the future: RPI-X@20 Recommendations](#)

Consultation supporting papers

- [Regulating energy networks for the future: RPI-X@20 Recommendations - Implementing Sustainable Network Regulation](#)
- [A Guide to Price Control Modification References to the Competition Commission - Licensee and Third Party Triggered References](#) (Draft)
- [Regulating energy networks for the future: RPI-X@20 Recommendations - Impact Assessment](#)
- [Glossary](#)

Ofgem working papers contributing to Recommendations publication

- [Regulating energy networks for the future: RPI-X@20, The length of the price control period](#)
 - [Stakeholder contributions linked to this paper](#)
- [Regulating energy networks for the future: RPI-X@20, Financeability](#)
 - [Stakeholder contributions linked to this paper](#)

Consultant reports on behalf of Ofgem contributing to Recommendations publication

- [Equity wedge principles, CEPA \(2010\)](#)
- [Cashflow profiles and the allowed WACC, CEPA \(2010\)](#)
- [The future role of benchmarking in regulatory reviews, Frontier economics \(2010\)](#)
 - [Stakeholder contributions linked to this paper](#)

- [Output measures in the future regulatory framework, Frontier economics \(2010\)](#)
 - [Stakeholder contributions linked to this paper](#)
- [Providing financeability in a future regulatory framework, CEPA\(2010\)](#)
- [Short-term relationship between equity and asset betas, CEPA \(2010\)](#)
- [Cost of raising equity, CEPA \(2010\)](#)

RPI-X@20 stakeholder working group contributions to Recommendations publication

- [One-off stakeholder working group meeting on Financeability, May 2010](#)
- [One-off stakeholder working group meeting on the length of the price control period, May 2010](#)

RPI-X@20 Emerging Thinking consultation

Main consultation documents

- [Regulating energy networks for the future: RPI-X@20 Emerging Thinking](#)
- [Third party right to challenge our final price control decisions](#)
- [Embedding financeability in a new regulatory framework](#)

Consultation supporting papers

- [Enhanced engagement](#)
- [Incentivising efficient longer-term delivery of desired outcomes](#)
- [A specific innovation stimulus](#)
- [Greater role for competition in delivery](#)
- [Simplicity of the framework: issues to consider](#)
- [Alternative ex ante and ex post regulatory frameworks](#)
- [Update on domestic and EU policy context](#)
- [Stakeholder responses to consultation](#)

Ofgem working papers contributing to Emerging Thinking publication

- [Regulating energy networks for the future: RPI-X@20, Delivering outcomes: Consumer engagement in the regulatory process](#)
- [Regulating energy networks for the future: RPI-X@20, Delivering desired outcomes: Who decides what energy networks of the future look like?](#)
- [Regulating energy networks for the future: RPI-X@20, Innovation in energy networks: Is more needed and how can this be stimulated?](#)
- [Regulating energy networks for the future: RPI-X@20, Delivering a sustainable energy sector and value for money - A modified ex ante incentive framework](#)

- [Regulating energy networks for the future: RPI-X@20, Delivering outcomes: Ensuring the future regulatory framework is adaptable](#)
- [Regulating energy networks for the future: RPI-X@20, Delivering a sustainable energy sector and value for money - What do we mean by efficiency?](#)
- [Regulating energy networks for the future: RPI-X@20, Delivering a sustainable energy sector and value for money: enhancing competitive pressures on regulated networks](#)
- [Regulating energy networks for the future: RPI-X@20 - Working paper 1: What should a future regulatory framework for energy networks deliver?](#)

Consultant reports on behalf of Ofgem contributing to Emerging Thinking publication

- [Longer-term price controls, Reckon LLP \(2010\)](#)
- [Should energy consumers and energy network users have the right to appeal Ofgem price control decisions? LECG \(2009\)](#)
- [Consumer involvement, ex post regulation and customer appeal mechanisms, response to consultant and contribution documents, Stephen Littlechild \(2009\)](#)
- [RPI-X@20, Technological change in electricity and gas networks, KEMA \(2009\)](#)
- [The case for ex post regulation of energy networks, LECG \(2009\)](#)
- [Australian airport regulation, response to LECG paper on the case for ex post regulation of energy networks, Stephen Littlechild \(2009\)](#)
- [The role of future energy networks, Frontier Economics \(2009\)](#)
- [Energy Services Companies – their benefits and implications for regulation and the consumer, Peter Boait \(2009\)](#)
- [Potential scope for user participation in the GB energy regulatory framework, with particular reference to the next Transmission Price Control Review, Littlechild and Cornwall\(2009\)](#)

RPI-X@20 stakeholder working group contributions to Emerging Thinking publication

- [RPI-X@20 Consumer Working Group paper and meeting summaries, October 2009](#)
- [RPI-X@20 Innovation Working Group paper and meeting summaries, October 2009](#)
- [RPI-X@20 Finance Working Group Paper, October 2009](#)
- [RPI-X@20 Investment Working Group Paper, October 2009](#)

Other contributions to Emerging Thinking publication

- [National Grid submission to project - Gas as an essential fuel in supporting the transition to a low carbon economy \(2010\)](#)
- [Consumers' right to appeal regulatory decisions, CEPA\(2009\)](#)
- [Consumers, stakeholders and appeal mechanisms in the regulation of energy networks – contribution to RPI-X@20 by John France, CE Electric \(2009\)](#)
- [A new energy infrastructure, discussion paper by Consumer Focus and Co-operatives UK \(2009\)](#)
- [Cost boundaries and the speed of cost recovery, Frontier Economics \(2009\)](#)
- [ENA submission to project – Where should RPI-X@20 be heading?](#)

- [Fundamental Flaws in the Current Cost Regulatory Capital Value Method of Utility Pricing - contribution to RPI-X@20 by Jim & Margaret Cuthbert. Including response from National Grid](#)
- [Utility Regulation, the Regulatory Asset Base and the Cost of Capital, presentation by Steve Smith \(Ofgem\) to the Competition Commission, May 2009](#)
- [Utility Regulation, the Regulatory Asset Base and the Cost of Capital, lecture by Professor Dieter Helm to the Competition Commission, May 2009](#)
- [Ofgem's RPI-X@20 Review and the Scope for More Customer Involvement, article in Network \(Issue 34\), by Stephen Littlechild](#)
- [Back to basics: Article in Utility Week, looking at why we are undertaking the RPI-X@20 review](#)

RPI-X@20 Principles, Process and Issues consultation

Main consultation document

- [Regulating energy networks for the future: RPI-X@20 Principles, Process and Issues](#)

Consultation supporting papers

- [History of Energy Network Regulation](#)
- [Context of energy regulation since privatisation](#)
- [Performance of the Energy Networks under RPI-X](#)

Consultant reports on behalf of Ofgem contributing to Principles, Process and Issues publication

- [The use of RPI-X by other network industry regulators, CEPA \(2009\)](#)
- [Characteristics of alternative price control frameworks: An overview, Regulatory Policy Institute \(2009\)](#)
- [Does Electricity \(and Heat\) Network Regulation have anything to learn from Fixed Line Telecoms Regulation? Michael Pollitt \(2009\)](#)
- [A review of the rail and water regulatory models – lessons for energy, CEPA \(2009\)](#)
- [New Zealand Gas Industry Regulation – lessons for energy, CEPA \(2009\)](#)

Other contributions to Principles, Process and Issues publication

- [Strawmen for RPI-X@20: Prepared by Oxera for the Energy Networks Association \(ENA\)](#)
- [Model Behaviour: exploring the alternatives to RPI-X regulation, Utility Week \(2009\)](#)
- [Is RPI-X still fit for purpose after 20 years? Speech by Alistair Buchanan on RPI-X@, October 2008](#)
- [Ofgem's RPI-X@20 project, Speech by Alistair Buchanan on RPI-X@20 at SBGI, March 2008](#)
- [List of supporting documents to Alistair Buchanan's speech on RPI-X@20 Project](#)
