

Renewables Obligation Certificate (ROC) and Climate Change Levy Exemption for Renewables Certificate (LEC) Schedule 2008/2009

Version number: 1

Issue Date: April 2008

Column A provides the date by which Ofgem should receive data for gross output and input electricity for Renewables Obligation purposes. It also provides the date by which Ofgem should receive electricity production figures for Climate Change Levy exemption for Renewables purposes. If any generating station is experiencing difficulty in submitting to Ofgem its data via the Renewables and CHP Register within the timeframes in this schedule, it should notify us BEFORE the relevant date in column A.

If data is provided to Ofgem after the date shown in column A, ROCs and Renewables LECs may not be issued.

Month and Year of Generation	A/ Date by which ROCs and Renewable LECs output data should be received	C/ Date by which Ofgem will issue ROCs and Renewables LECs	D/ Final date for suppliers to notify Ofgem of Renewables LECs allocated to a renewable source contract	E/ Date by which Ofgem will confirm number of Renewables LECs allocated to a renewable source contract (if information provided by date in column D)

** Stations with a **declared net capacity of 50 kW or less** that have notified Ofgem that they want ROCs to be issued on an annual basis, rather than on a monthly basis, must provide data for gross output and input electricity for the period, 1 April 2008 - 31 March 2009 by 31 May 2009. See our guidance for small generators document (published on 1 April 2007) for more information.

All generating stations should provide monthly data according to the schedule above for the purposes of the Renewables LEC issue.

Where possible, the data should be submitted via the Renewables and CHP Register. In the event of a problem with the Renewables and CHP Register information can be emailed to our dedicated email account, monthlyoutputdata@ofgem.gov.uk or faxed to us on 020 7901 7387.
