Dear Colleague

Further Change to the Connection and Use of System Code (CUSC) - Modification of Licences and Codes to reflect the abolition of the Gas and Electricity Consumer Council (energywatch) and its replacement with the National Consumer Council (NCC)

On 1 October 2008, we published our decision on the necessary changes to Licences and Codes to reflect the abolition of energywatch and its replacement with the new NCC¹.

Since publication of that letter, we have been made aware of a further additional change required to the CUSC. We consider that it is necessary to make this additional change to the CUSC and that this change can be made without consultation.

The additional change that Ofgem is making to the CUSC is attached as an appendix and schedule to this letter.

If you have any questions in relation to this letter, please do not hesitate to contact Dipen Gadhia on 020 7901 7168.

Yours sincerely

A handwritten signature in black ink, appearing to read "Mark Feather".

Mark Feather
Director, Industry Codes and Licensing
