See our guidance for small generators document (published on 1 April 2007) for more information.

All generating stations should provide monthly data according to the schedule above for the purposes of the Renewables LEC issue irrespective of an annual ROC issue.

Where possible the data should be submitted via the Renewables and CHP Register. In the event of a problem with the Renewables and CHP Register information can be emailed to our dedicated email account, monthlyoutputdata@ofgem.gov.uk or faxed to us on 020 7901 7387.
