Dear Rachel

Electricity Distribution Price Control Review Methodology and Initial Results May Paper.

Please find enclosed EDF Energy's response to Ofgem's Methodology and Initial Results paper, which was published on Friday 8 May 2009.

Our response is divided into the two sections. The first provides a summary of our key points, while the second explores these and other issues in more detail. We hope that our comments will be helpful to you and your team.

I can confirm that this response may be placed on Ofgem's public website.

If you have any queries and would like to discuss them further, please do not hesitate to contact me on 07875 112317.

Yours sincerely

Paul Delamare
DPCR5 Programme Director
