Dear Lewis

**Statutory Consultation on Collective Licence Modification proposal for a Common Distribution Charging Methodology for the Extra High Voltage networks**

Further to the publication of document 90/09 entitled “Delivering the electricity distribution structure of charges project: decision on extra high voltage charging and governance arrangements” on 31 July 2009 and the associated collective licence modification (ref 91/09), I am responding on behalf of our four distribution licensees whose licences would be affected by such a change:

- EDF Energy Networks (EPN) plc
- EDF Energy Networks (LPN) plc
- EDF Energy Networks (SPN) plc
- EDF Energy (IDNO) Ltd

I am pleased to confirm that we do not intend to make a statutory objection to the notices.

If you have any questions regarding this letter, please do not hesitate to contact me.

Yours sincerely

Paul Measday  
Regulation Manager
