Subject: Ofgem Annual Stakeholder Report

Dear Ms Fletcher

I am writing to support the points raised by Friends of the Lake District in their Email dated 20th January 2010 regarding undergrounding.

The Solway Coast AONB would welcome a report on what has been jointly achieved and it would give us, the protected landscapes family, evidence to compare and reference our collective efforts on a nationwide basis.

Publication of this material can only be done by your organisation and we would fully support its dissemination through the above document.

Yours sincerely

Brian Irving (Dr)
Solway Coast AONB Manager
